Through the Office for Dispute Resolution, the Pennsylvania Department of Education (PDE) fulfills its statutory mandate to maintain a special education due process system. PDE contracts with the Central Susquehanna Intermediate Unit (CSIU) to provide fiscal and certain management support for that office, without becoming involved in substantive operations. The hearing officers and mediators are free from interference or influence on any matters affecting the outcome of individual mediations and due process hearings. This includes, without limitation, interference or influence from any entity, individual, or group, such as parents, advocacy groups, school districts, intermediate units including CSIU, ODR staff and PDE. At the same time, those hearing officers and mediators are provided with administrative support, as well as training delivered in a manner preserving their impartiality through ODR, which itself is also free of such interference or influence.

The Central Susquehanna Intermediate Unit will not discriminate in educational programs, activities or employment practices based on race, color, national origin, gender, disability, marital status, age, religion, sexual orientation, ancestry, union membership or other legally protected classifications. Announcement of this policy is in accord with Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, and the Americans with Disabilities Act of 1990. Employees and program participants who have an inquiry or complaint of harassment or discrimination or who need information about accommodations for people with disabilities, should contact Director of Human Resources, CSIU, 90 Lawton Lane, Milton, PA, 17847 or call (570)523-1155.

Introduction

The Office for Dispute Resolution (ODR) provides the resources for parents and local educational agencies (LEAs) to resolve educational disputes involving children served by the early intervention system, students with disabilities (or thought to have disabilities) and students who are gifted (or thought to be gifted). Pennsylvania's recognition as an "exemplar state" by the Office for Special Education Programs (OSEP) and the Center for Appropriate Dispute Resolution in Special Education (CADRE) is an acknowledgement of the experience, education, and training of ODR staff and the quality of ODR services provided.¹ ODR's listserv is available at <http://odr-pa.org/subscribe-to-odr/>.

ODR Stakeholder Council

The ODR Stakeholder Council (SC) brings together representatives from a broad array of stakeholders to provide functional input and recommendations on the special education dispute resolution system. Detailed biographical information on each SC member is available on the ODR website, <http://odr-pa.org/wp-content/uploads/pdf/Stakeholder-Council-Bios.pdf>

Outreach

ODR employees and hearing officers speak at conferences throughout the year as part of stakeholder education, including: Pennsylvania Association of Intermediate Units; Special Education Leadership Academy; National Academy for IDEA Administrative Law Judges and Impartial Hearing Officers; Pennsylvania Council for Exceptional Children (PACEC) Conference; Pennsylvania Bar Institute's Exceptional Children Conference (ECC); Pennsylvania Association for Gifted Education (PAGE) Conference;

¹ Fundamental Attributes of Exemplary State Special Education Dispute Resolution Systems: <https://www.cadeworks.org/sites/default/files/resources/FundamentalsExemplaryStSpecEdDRSystemUpdAPR2013.pdf>

and various Intermediate Units and Local Task Forces. The ODR Program Manager is the lead trainer for *Creating Agreement*, a conflict resolution training program.

ODR staff and the hearing officers collaborate to produce videos, webinars, and podcasts on topics germane to both parents and educators. Development of training products for parents and educators is an ongoing process and based upon stakeholder needs. Because the Stakeholder Council has selected mediation as its focus, webinars and training materials will be focused on this alternative dispute option in the upcoming year.

Hearing Officer Training

The hearing officers engage in rigorous professional development each year, both in-house and through highly regarded professional associations. They are members of the National Association of Hearing Officials (NAHO), and participate in the certification process. Hearing officers regularly attend the NAHO conference and/or the National Academy for IDEA Administrative Law Judges and Impartial Hearing Officers or other national conferences. In addition, they participate in numerous trainings conducted within the Commonwealth where they are frequently asked to also participate as session presenters. The hearing officers routinely attend Pennsylvania Department of Education (PDE) and Pennsylvania Training and Technical Assistance Network (PaTTAN) sponsored conferences and presentations, as well as those of other organizations, related to a myriad of issues impacting children with disabilities.

ODR Projects

Hearing Officer Settlement Conferences

Since March 2017, Hearing Officer Settlement Conferences (HOSCs) have been a regularly-offered service in any dispute where a complaint has been filed, and both parties agree to a HOSC. ODR maintains a randomized list of HOSC hearing officer assignments. When parties request a HOSC, the next hearing officer on the list is assigned (after confirming that the hearing officer does not have an ongoing case with the family or the LEA—if so, the next hearing officer on the list would receive the assignment). Each hearing officer has a slightly different approach to the details of a HOSC, but the same general framework applies—a three-sided conversation between the settlement hearing officer and the attorneys (or LEA attorney and pro se parent) takes place. Thereafter, the settlement hearing officer has a one-sided conversation with each party. At that point, each HOSC moves in its own unique direction—sometimes resolution has been achieved, sometimes further three-sided conversations are held, sometimes further one-sided conversations are held. The HOSC can continue until the parties feel it has met its goals, or their unfacilitated resolution conversations can continue without the settlement hearing officer. For this reporting period, there were 55 completed HOSC processes, resulting in an 81% settlement rate. Information about HOSCs is available on the ODR website at <http://odr-pa.org/alternative-dispute-resolution/hearing-officer-settlement-conference/>.

Virtual Hearing Pilot

Virtual hearings—and videoconference technology generally— became available as an ODR service as of June 2017. Using an internet-based, highly secure videoconference platform, easily accessed through any webcam-enabled computer, laptop, tablet, or smartphone, virtual hearings will allow participants to utilize videoconferencing to increase efficiencies and access in special education due process. Whether the hearing unfolds with all participants and the hearing officer gathering in a physical location and a witness participates virtually, or the participants gathering in a physical location and the hearing officer participates virtually, or all participants gathering virtually, the technology allows special education due process to be much more nimble in responding to the

needs of participants in a world where notions of geographic-based processes and “physical presence” become much more flexible.

Electronic Exhibits Pilot

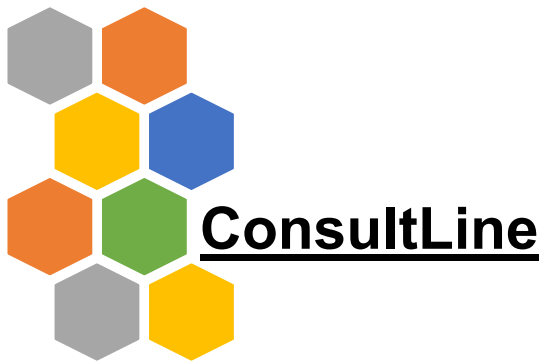

ODR’s electronic exhibit pilot program, which allows parties to submit due process hearing exhibits electronically, continues. For the past year, the program’s protocol has been in its final form, and Hearing Officers receive ongoing training. Those attorneys who participate in the pilot continue to almost uniformly send positive feedback. ODR has also identified a different, more user friendly, more cost effective software platform for the protocol. Nearly all Hearing Officers have migrated to the new platform.

CADRE Multi-State Project

Pennsylvania, via ODR, is one of three states invited by CADRE to participate in an initiative designed to enhance productive engagement between the state’s parent centers and the state educational agency. During FY 2018-2019, ODR remained active in this initiative with ConsultLine staff participating in state partner meetings and projects associated with the initiative. The Pennsylvania state cohort finalized the following three projects: a digital guide outlining available dispute resolution resources; a publication for parents describing services available to them from each parent center and ConsultLine; and a video that summarizes each organization’s available services. In August 2018 at the conclusion of the initiative, the finalized resources were made available on the ODR website. The state cohort provided a presentation on the initiative in March 2019 at the annual Pennsylvania Department of Education Conference.

A Tale of Two Conversations

Several years ago, ODR staff produced a video entitled “A Tale of Two Conversations”, which demonstrates both effective and less effective communication techniques between families and schools. CADRE has requested permission to reproduce the video, using professional actors and high quality production methods. The video will be released nationally within the upcoming fiscal year.

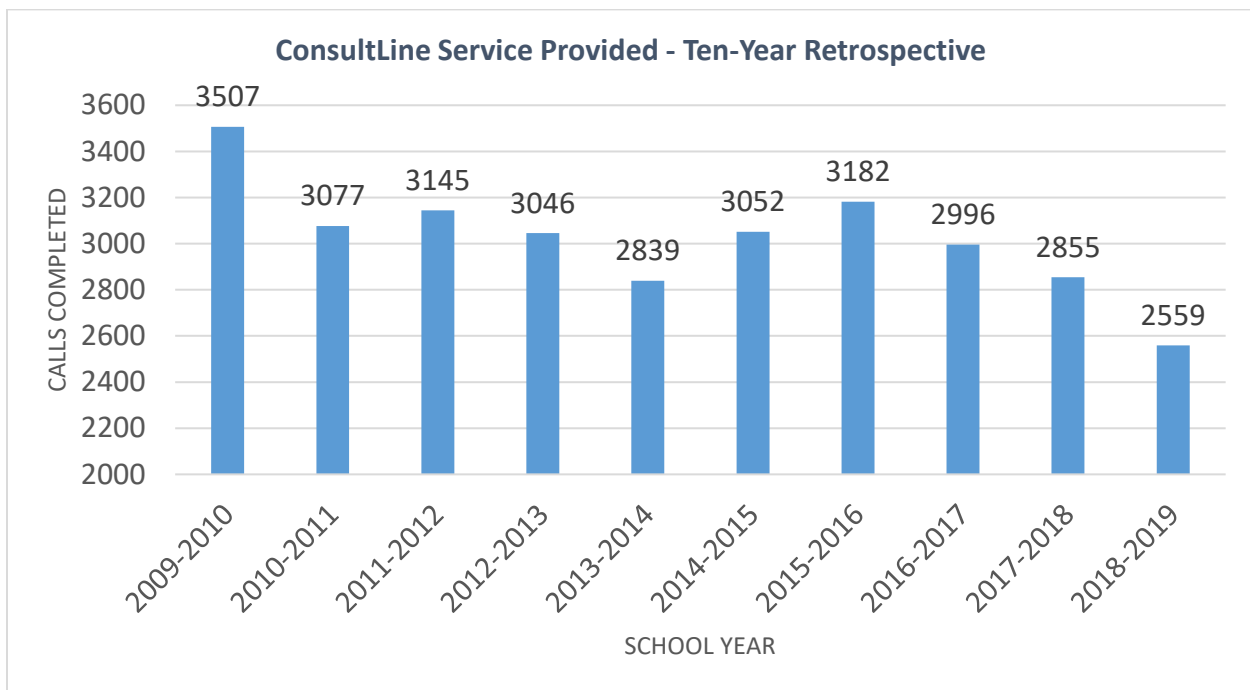

The Special Education ConsultLine is a toll-free information helpline for parents and advocates who have questions or concerns about special education for school-age children. ConsultLine is staffed by four Specialists who provide information about special education, gifted education, and Section 504 of the *Rehabilitation Act of 1973*. Specialists assess the nature of the caller's inquiry or concern and provide information and assistance. Examples of the service provided include:

- Information about the processes involved in having a child evaluated, identified, and provided with special education, accommodations, and related services;
- Parent's rights and procedural safeguards, including information about regulations;
- Information, assistance and access to the state complaint process managed by the Pennsylvania Department of Education's Bureau of Special Education (BSE);
- Dispute resolution services and options for resolving disagreements about a child's special education program; and
- Resources, publications, websites and referrals to disability-related organizations.

Call Activity

During FY 2018-2019, ConsultLine Specialists served 2,559 callers. ConsultLine Specialists are responsive to the contact instructions provided by the caller, i.e., date and times when the caller expects to be available to speak with a Specialist. Specialists attempt to return the call at least three times over the course of three business days. This has been an effective protocol for serving callers in a timely manner given the volume of service requests. Despite staffing changes in FY 2018-2019, ConsultLine

Specialists maintained a high standard for providing equitable and timely service to constituents.

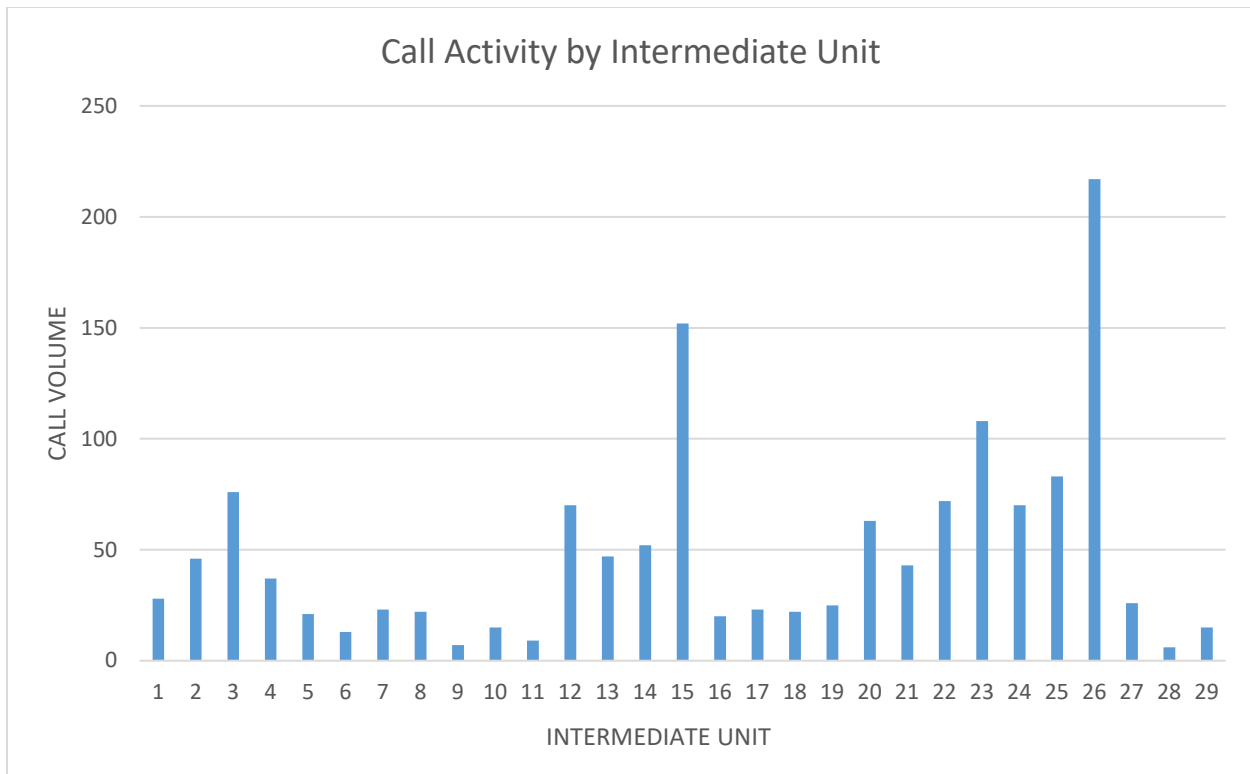

During FY 2018-2019, ConsultLine served 49 Spanish speaking callers via a third party interpretation service.

Caller Demographics

Demographic information was volunteered during 1,411 calls during FY 2018-2019. The following statistics provide a general impression of call activity across the state.

ConsultLine received the highest volume of calls from the following regions:

Philadelphia Intermediate Unit 26 (217); Capital Area Intermediate Unit 15 (152); Montgomery County Intermediate Unit 23 (108); Delaware County IU 25 (83); Allegheny Intermediate Unit 3 (76); and Bucks County Intermediate Unit 22 (72).

Types of Inquiries

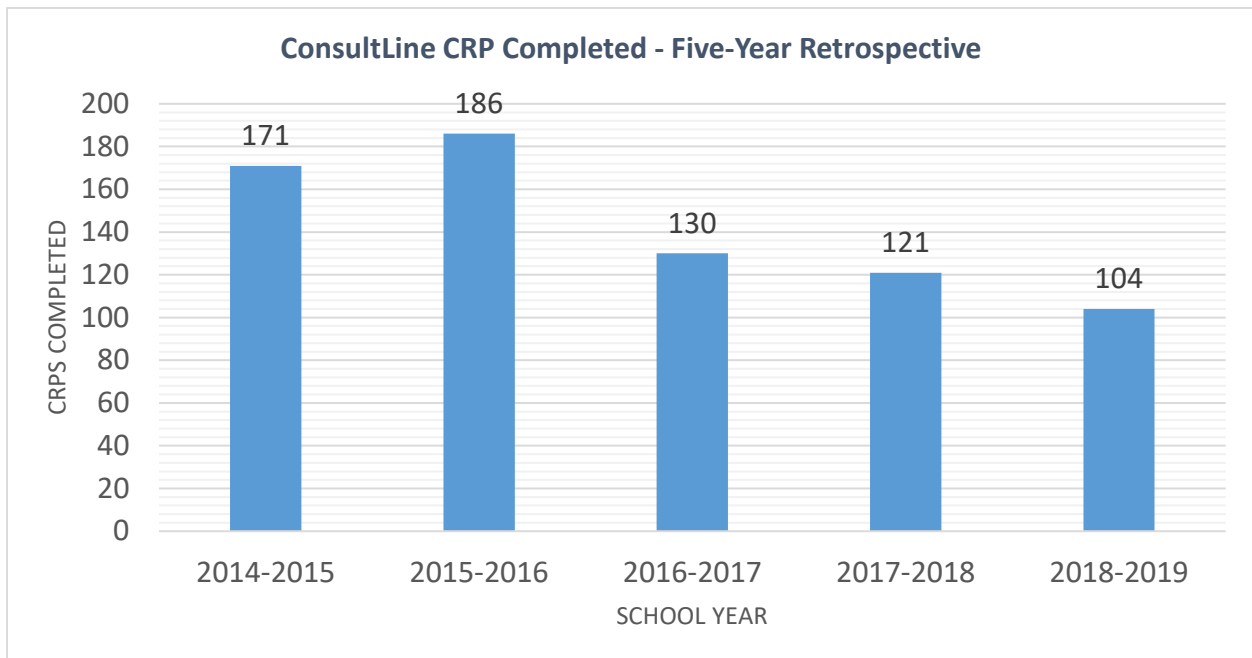

ConsultLine Specialists document the main topics associated with a caller’s question(s). During FY 2018-2019, the most regularly recurring topics, in order of frequency, pertained to the multidisciplinary evaluation; educational placement; IEP content; IEP implementation; and mediation. Other high interest topics included advocates; Section 504; procedural safeguards; due process hearings; and discipline. Specialists provided publications, forms, web resources and other materials related to the caller’s interests in 1,553 instances; the majority of this information was delivered electronically.

Call Resolution Process and Provision of BSE Complaint Packets

ConsultLine’s Call Resolution Process (CRP) is an effective dispute resolution tool for compliance-related concerns for IDEA-related issues and certain types of concerns related to Section 504 of the *Rehabilitation Act of 1973*. During CRP, the Specialist acts as a conduit of information between the parent (as defined in 34 CFR 300.30) and the school; the Specialist does not serve as an advocate, decision-maker, mediator, or compliance advisor.

The CRP format and process includes an email summarizing the parent’s compliance-related concerns, and to the extent known, the parent’s proposed resolution. The email is prepared by the Specialist in consultation with the parent so that the message accurately reflects the nature of the issue. Once the message is drafted and reviewed with the parent, the parent provides verbal permission to send the message to the following recipients: LEA administrator responsible for special education; BSE division chief; and the regional BSE advisor. Once the email has been sent, the Specialist’s involvement in CRP has concluded. During FY 2018-2019, CRP was offered to 193 callers, and provided with the parent’s permission in 104 instances. The top three most frequent issues in a CRP were IEP implementation, multidisciplinary evaluation, and child out of school.

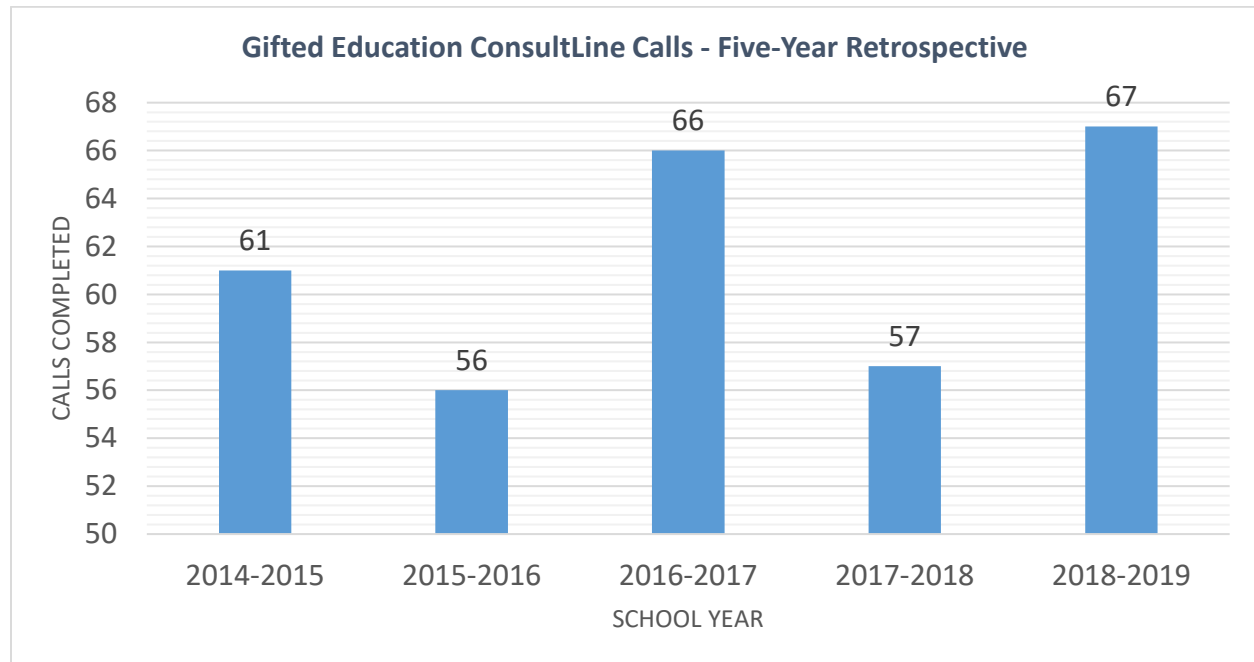

Information about the BSE complaint process and the state complaint form is sent to the parent when CRP has been offered, but also when requested by the caller. During FY 2018-2019, 227 state complaint forms and information packets were distributed to callers.

Gifted Education

ConsultLine Specialists assist callers who have questions or concerns about Chapter 16/gifted education. Some of these callers allege compliance violations. When this

occurs, the Specialist provides the caller with information about the procedural safeguards for gifted education including the option to file a written complaint. During FY 2018-2019, ConsultLine Specialists responded to 67 callers whose questions or concerns were specifically related to gifted education.

ConsultLine Feedback

When callers provide contact information, Specialists conclude service by mailing or emailing an evaluation survey to the caller. The survey is brief and it can be completed and returned anonymously. Survey participants are asked to provide comments and to answer several satisfaction-based questions.

During FY 2018-2019, 61 electronic evaluation surveys were completed. Survey respondents assess the following areas: usefulness of information; identifying options for resolving concerns; timeliness of service; and general satisfaction. Consistent with past years, survey results indicate satisfaction rates in all areas above 93%. The following sample of comments received during FY 2018-2019 are consistent with past years.

"Greatly appreciate the assistant and resources provided by [Specialist]. I had several questions he patiently addressed each one. Would refer others to ConsultLine – great resource! Thank you so much! – The links to information are invaluable to anyone trying to educate themselves so they can proactively advocate for a child who is struggling."

"This service is an invaluable to parents. I am very grateful to have access to it to help me help my child."

"Specialist was not only knowledgeable but also extremely kind and understanding; I left with information but also feeling better about my situation!"

"My experience with [Specialist] was tremendously helpful. She was very kind, patient and extremely knowledgeable about everything I needed assistance with. I am truly grateful for the time and information she gave me. In all the years I have been involved in the educational system with my children, there's still so much I do not know. [Specialist] helped me to learn what I needed to know for to making decisions today and options that exist moving forward. Thank you!!!"

Professional Development

ConsultLine staff continue to participate in high quality professional development opportunities to remain well informed and effective in conveying useful information and relevant resources to callers. During FY 2018-2019, professional development activities included LRP National Institute; Lehigh University's Special Education Law Conference; Pennsylvania Bar Institute's Exceptional Children's Conference; PDE's annual conference; and Lehigh University's Special Education Law Symposium. Additionally, specialists are involved in outreach activities and collaboration with cross-agency staff on various ODR, BSE, and CADRE initiatives.

Facilitation

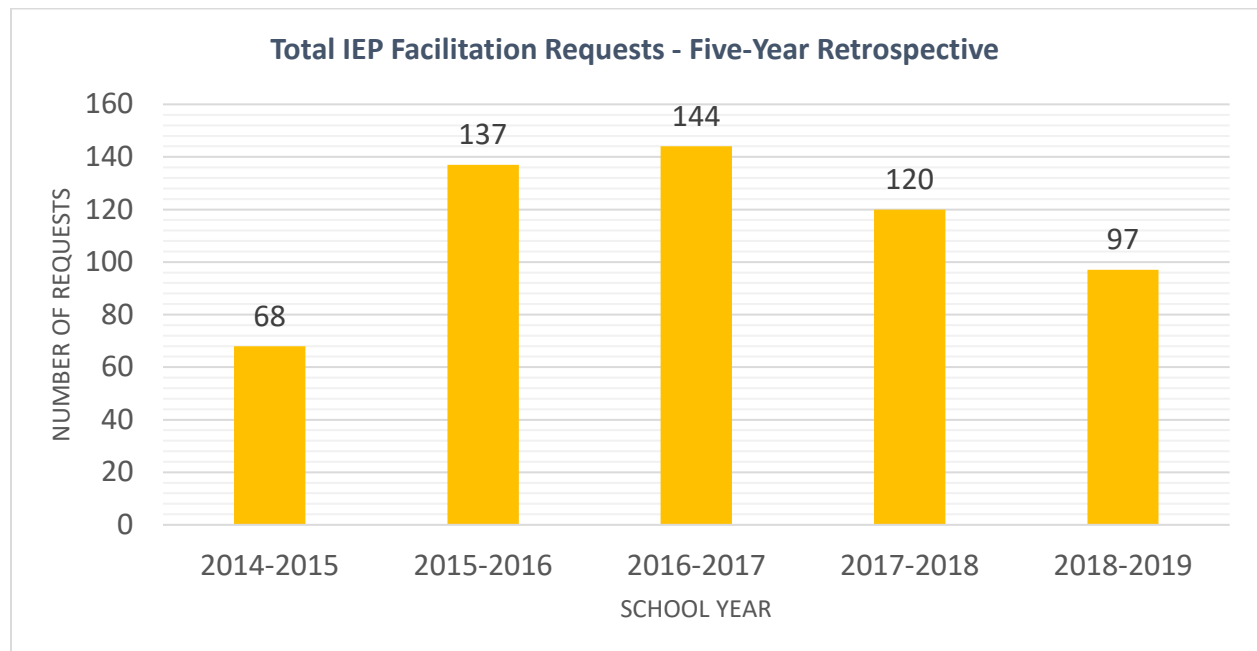

Resolution Meeting Facilitation

During FY 2018-2019, ODR received 11 requests for RMF, with nine moving forward. There were no active facilitation requests at the time of this report. Of the nine RMF that took place, four resulted in an agreement or partial agreement and five did not.

IEP/IFSP/GIEP Facilitation

IEP Facilitation Requests

The IEP Facilitation program saw a decrease in requests for facilitation services during FY 2018-2019. There were 97 requests for IEP Facilitation. There were 84 requests for IDEA school age cases; three requests for IDEA cases involving children age 3-5; nine requests for gifted education; and one request for Chapter 15/Section 504 issues.

IEP Facilitation Outcomes

Birth-3

There were no requests.

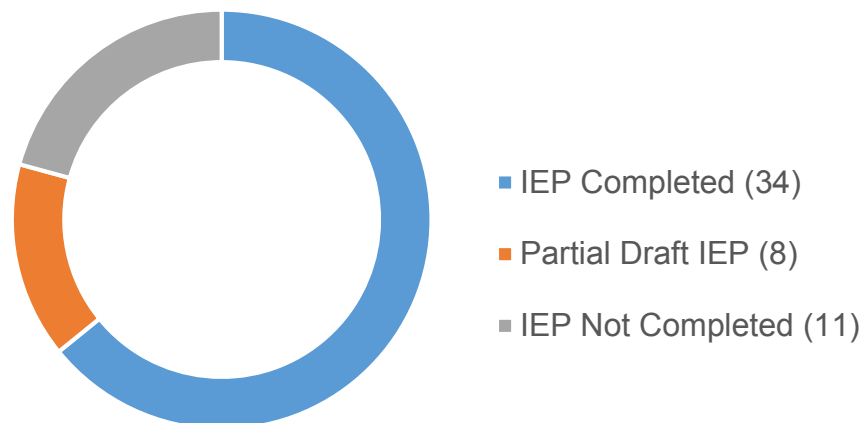

3-5 IDEA

There were three requests.

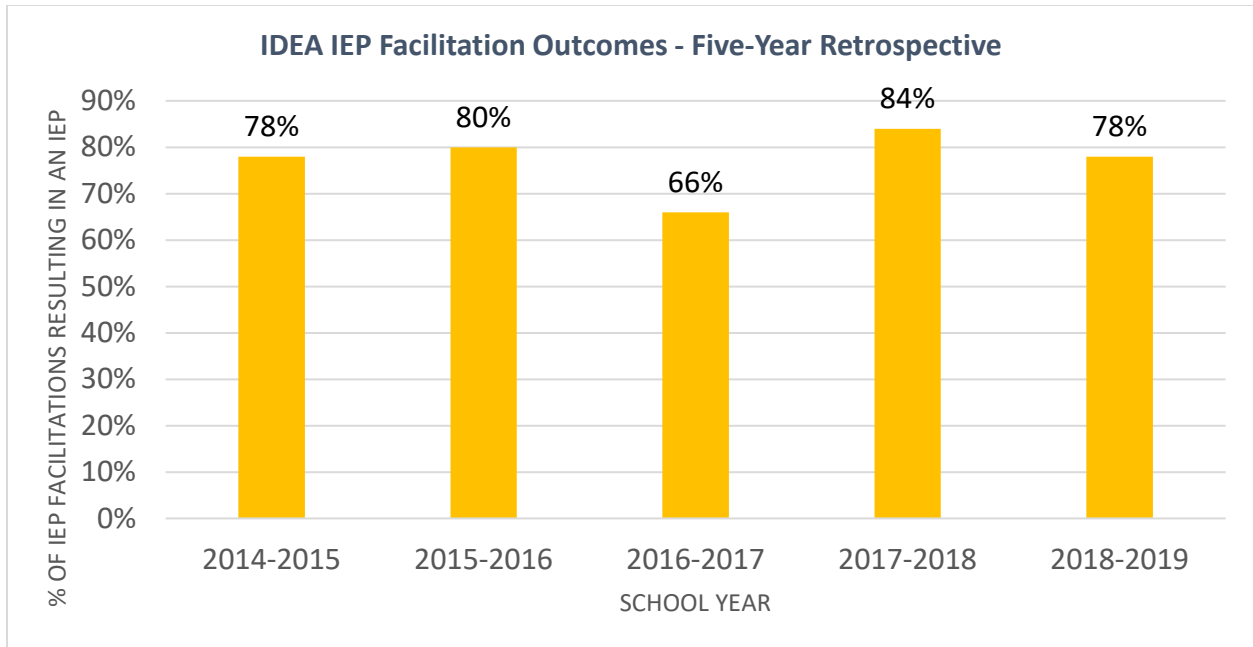

In one instance, a partial agreement was reached; in one instance, parties were unable to reach an agreement; and there was one request which was subsequently withdrawn.

School Age IDEA

A facilitated IEP meeting occurred in 53 instances and resulted in the following:

IEP Facilitation is voluntary, so either party may decline to participate. This occurred in 29 instances. In 13 instances, the non-requesting party declined to use the service; in one instance, ODR received no response from the non-requesting party; and in 15 instances, the request was withdrawn. At the time of this report, two requests for IEP Facilitation remain active.

Chapter 15/Section 504

There was one request, which resulted in no agreement.

Gifted

There were nine requests for GIEP Facilitation.

In five instances, there was an agreement or partial agreement; there was no IEP in one instance; two instances were withdrawn; and in one instance, there was no response from the opposing party.

IEP Facilitation Feedback

"The Facilitator did phenomenal job explaining her role and keeping the team on track. She asked pertinent questions and offered insights when applicable."

"The Facilitator being fair and objective presence maximized the level of productivity and decorum to the team. She provided insight into barriers to ensure the team acknowledged ways to move forward with difference of methodology."

"The Facilitator helped the meeting stay on the subjects that were key to education and behavior interventions to the IEP. The meeting was directed and helped to remain on task on the IEP alone and my son's individualized needs and goals."

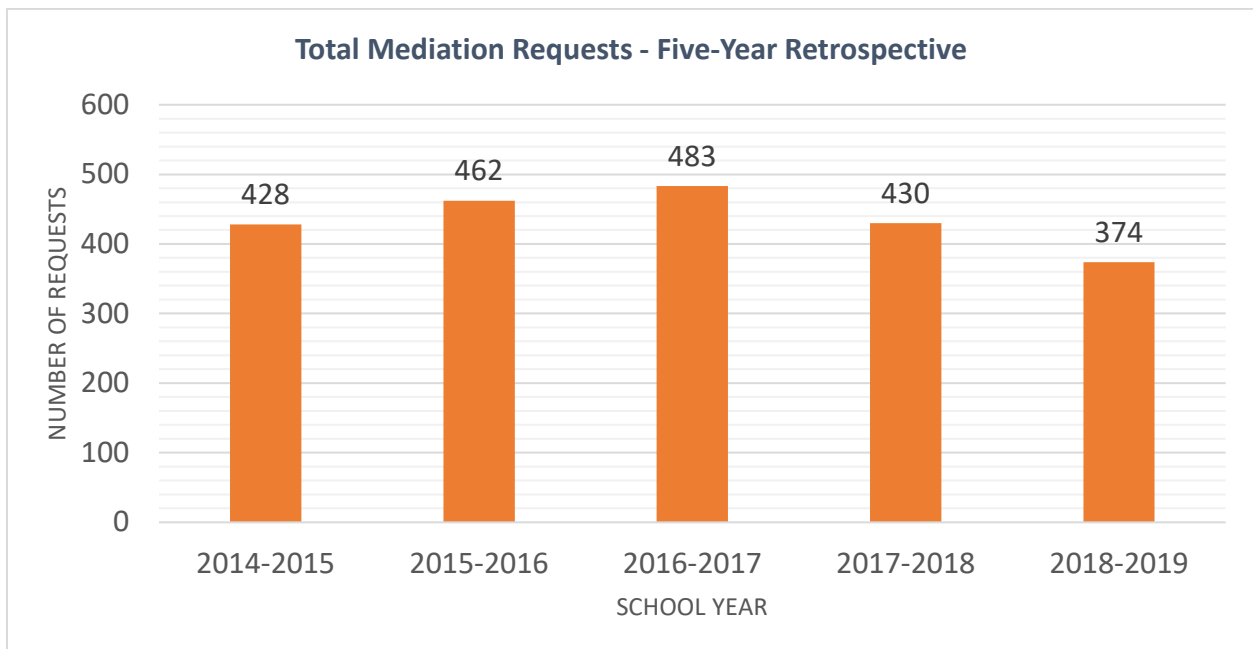

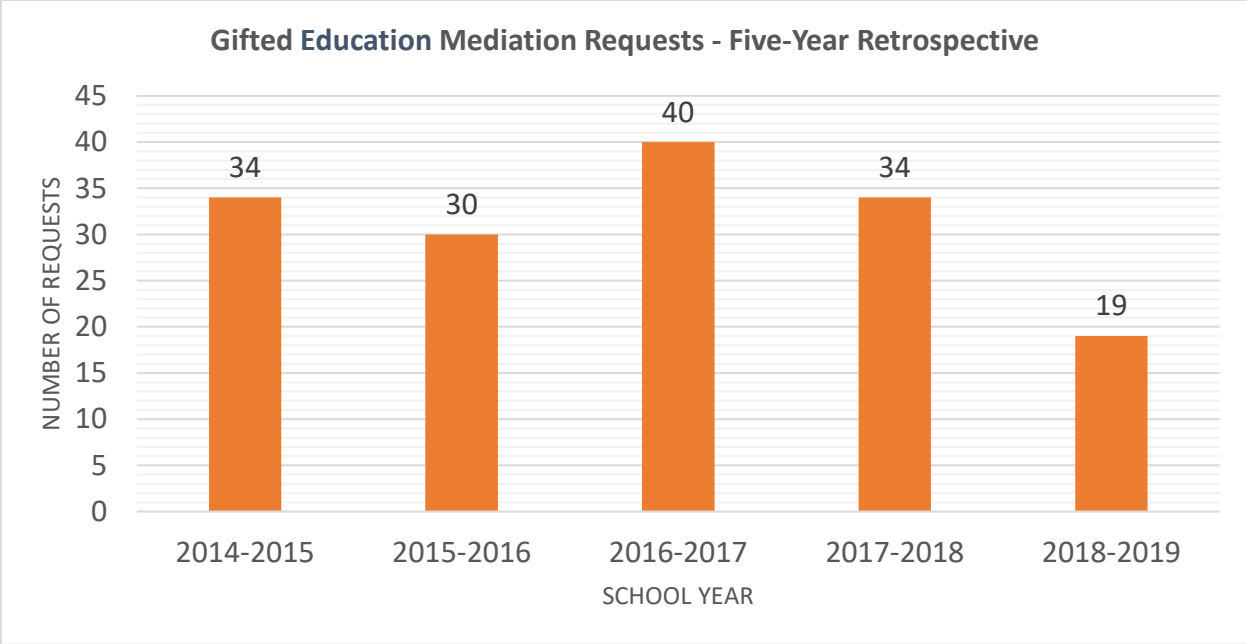

Mediation

In FY 2018-2019, ODR contracted with 20 independent contractors to provide mediation services to parents and educators. Mediation is voluntary, and therefore both the parent and LEA must agree to participate in mediation for it to be scheduled and held.

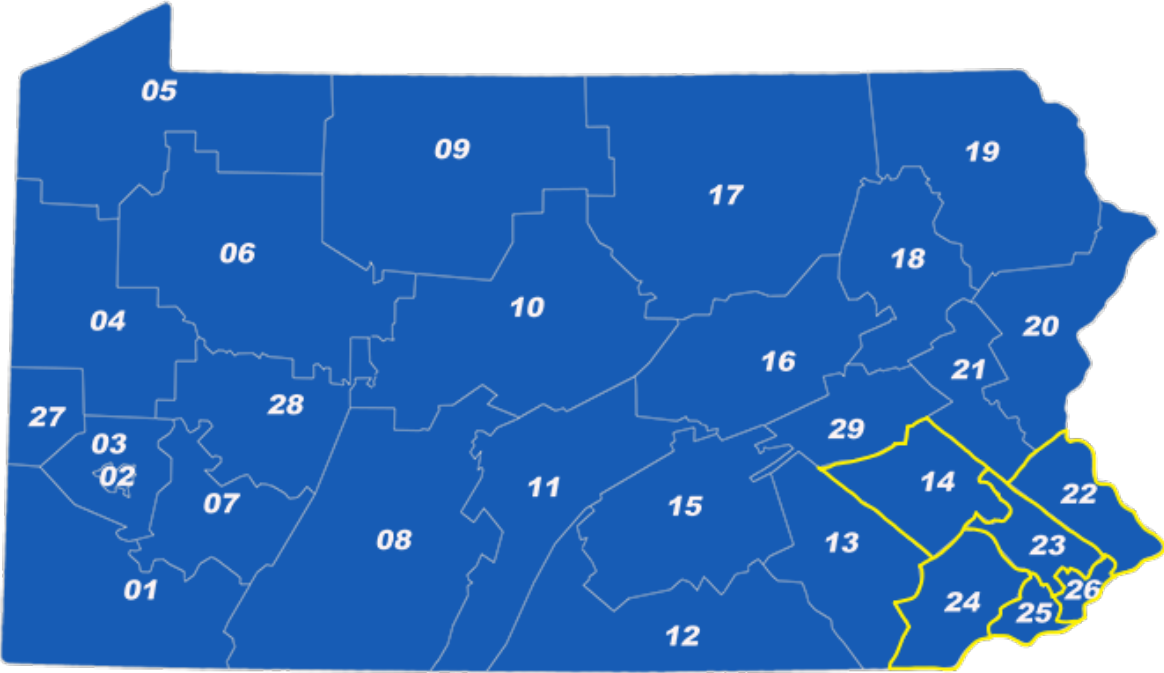

Mediation Requests

ODR received 374 requests for mediation during FY 2018-2019.

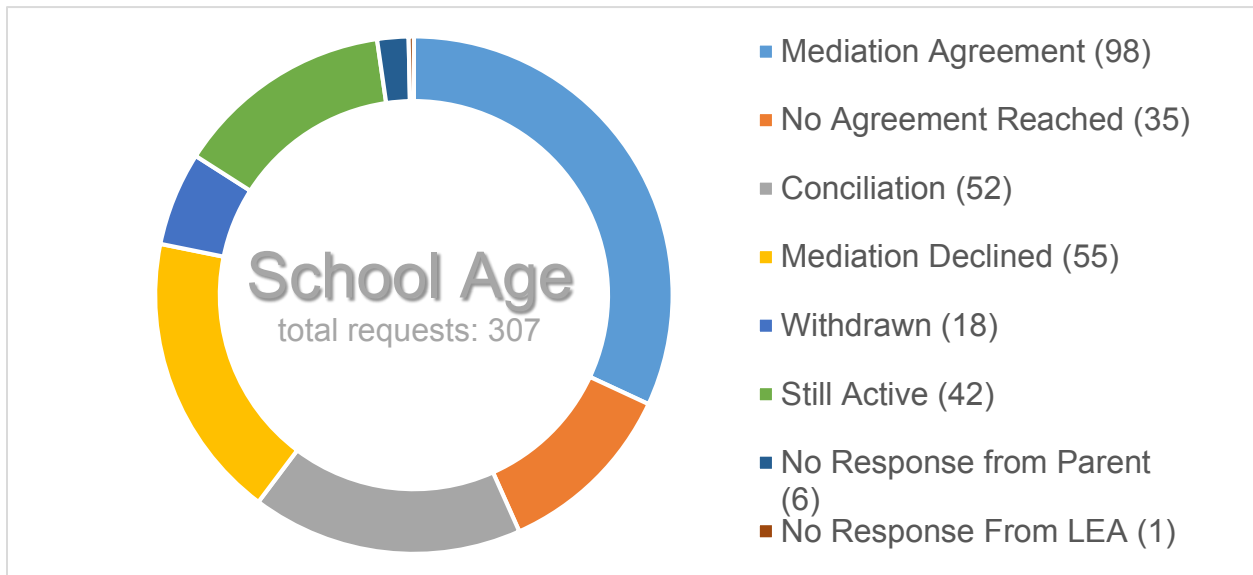

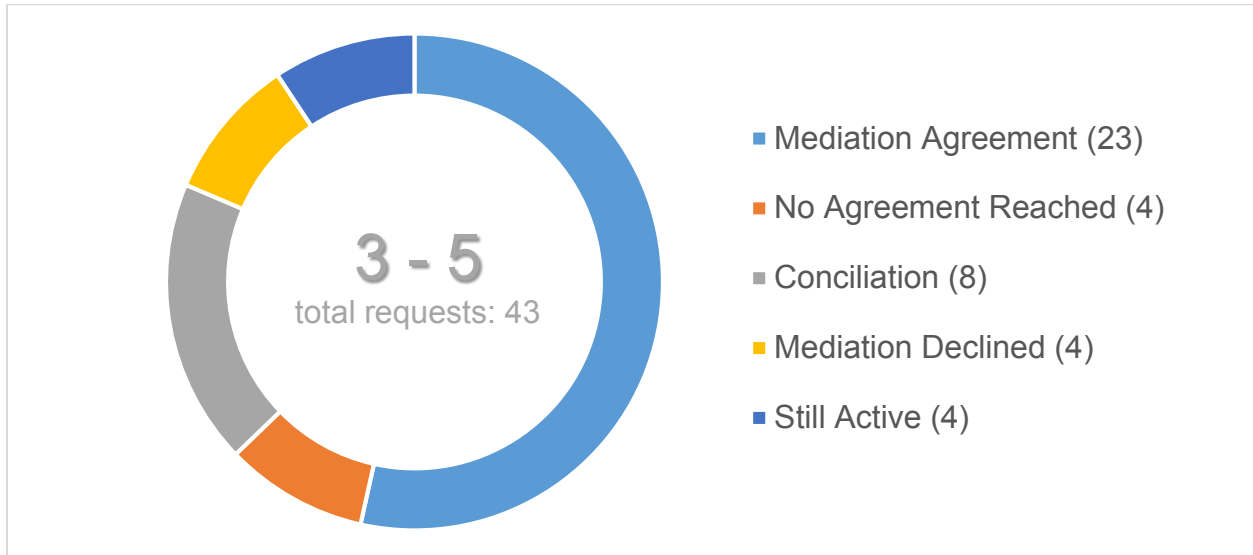

Areas with the most mediation requests were Delaware IU 25 (52); Montgomery County IU 23 (48); Philadelphia County IU 26 (48); Chester County IU 24 (29); Berks County IU 14 (26); and Bucks County IU 22 (26).

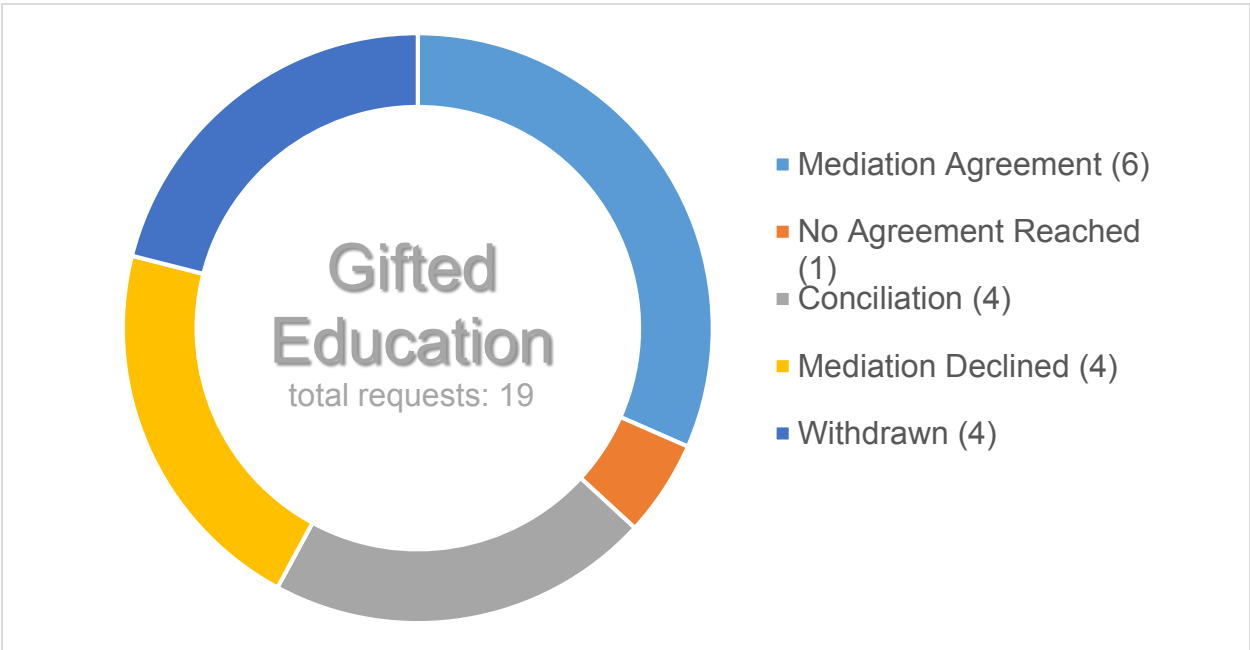

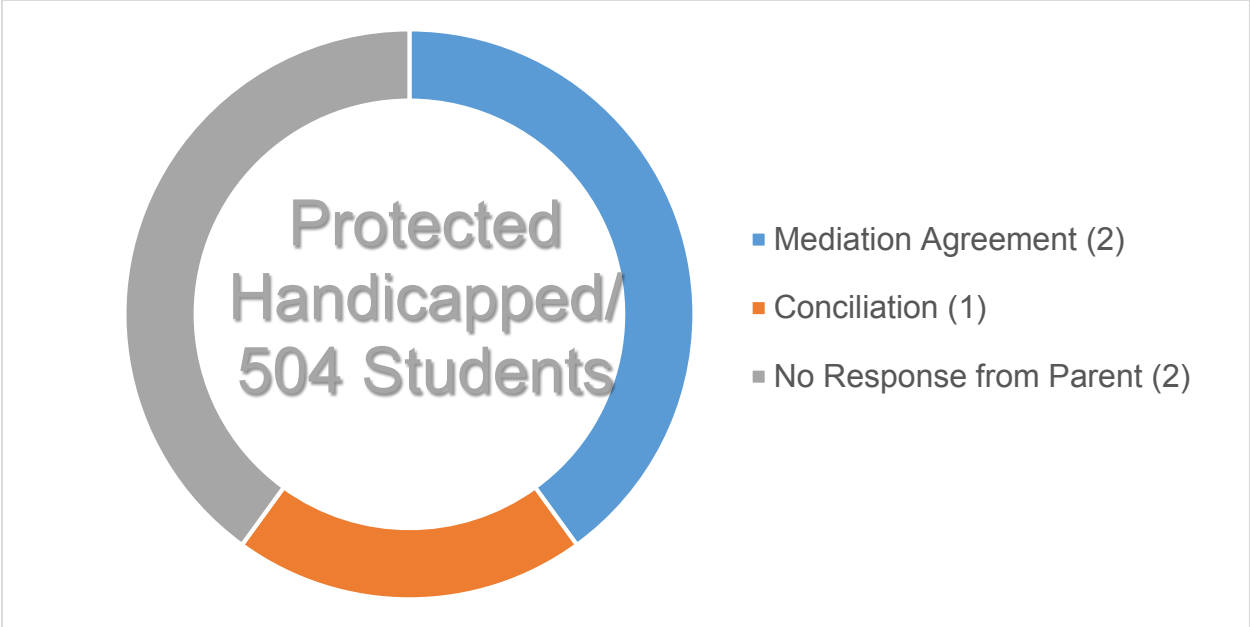

Mediation Outcomes

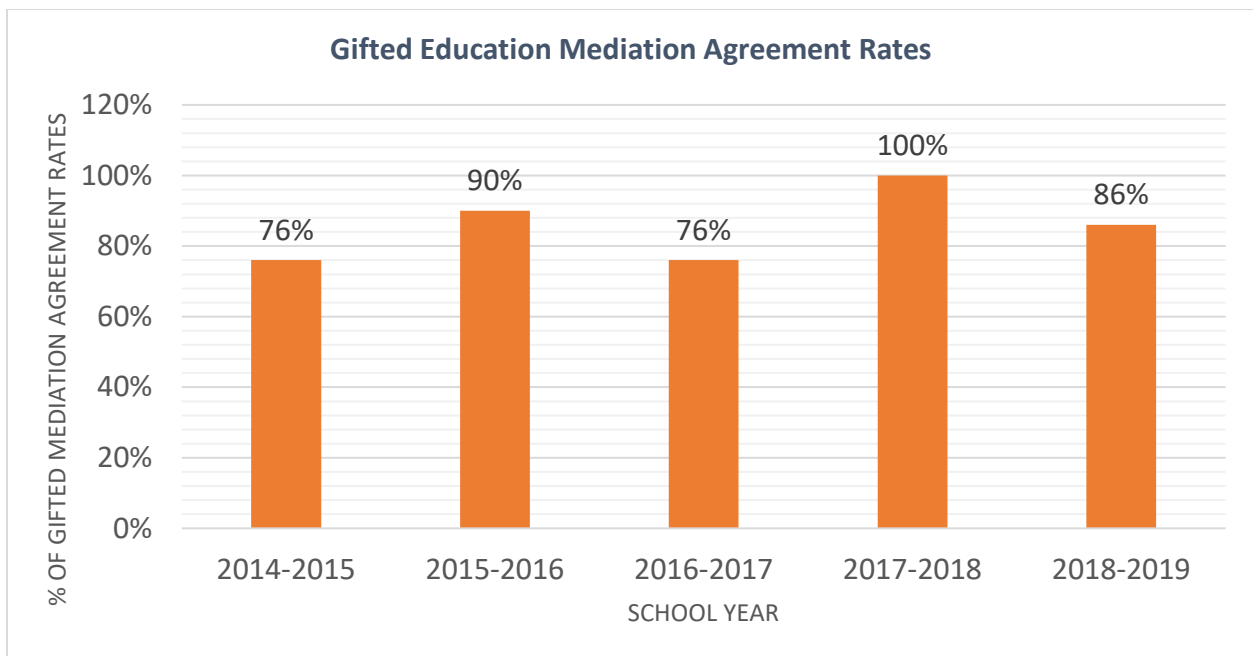

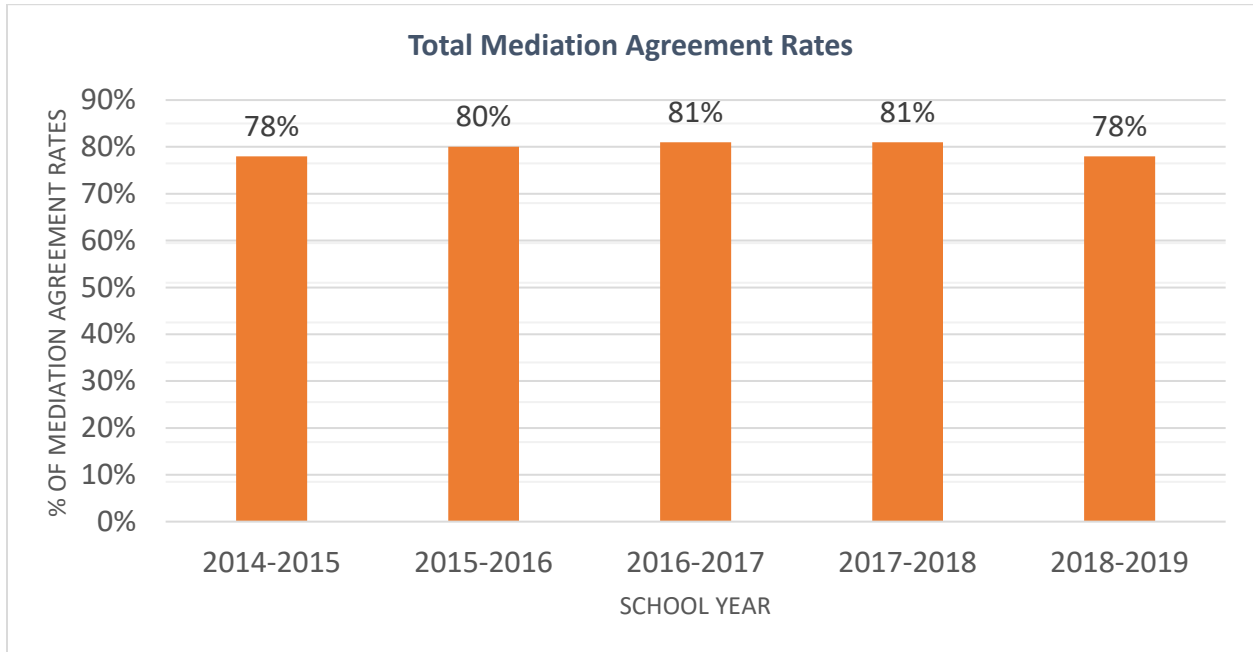

Of the 374 total requests, 156 did not result in a mediation because the parent did not respond to the request (8); the LEA did not respond to the request (1); the non-requesting party declined to participate (63); or the parties resolved (62) or otherwise withdrew the request for mediation (22).

Mediation Results by Age and Exceptionality: 2018-2019

Five-Year Retrospective of Mediation Agreement Rates

Mediation Issues

The most prevalent and recurring issues addressed in mediation were divided among age groups and exceptionalities as follows:

For Birth – 3 (no requests received)

For Children ages 3 – 5 and school-aged students, related services, placement, and IEP issues were the prevalent issues.

For Protected Handicapped/504 Students, service agreement and related services were the prevalent issues.

For Gifted Education cases, eligibility, GIEP issues and placement were the prevalent issues.

Detailed information about mediation results can be found in Exhibit 1, *Mediation Results by Intermediate Unit and School District*.

Mediation Feedback

"The mediator kept us on target, stepped in during moments when the conversation was unproductive and supported us in reaching an agreement."

"The mediator remained neutral and was skilled at guiding the conversation. He is extremely professional and the meeting was organized in a way that we were able to expeditiously reach an agreement."

"The mediator provided clear concise guidelines. Brochures handed out ahead of the conference were very helpful. The overall experience was excellent. There was good participation between both parties."

"The process was a positive experience – it eliminated the animosity that is often felt during meetings when neither side is willing to compromise."

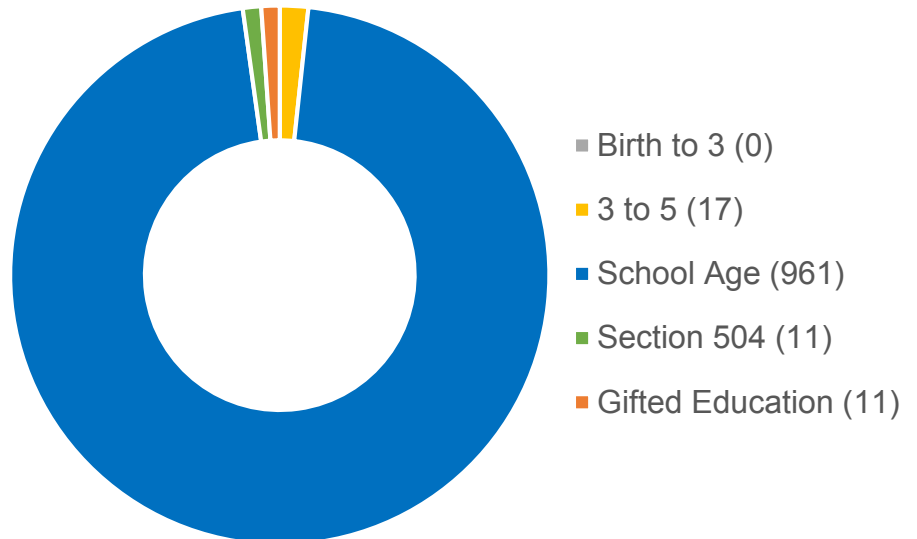

Due Process

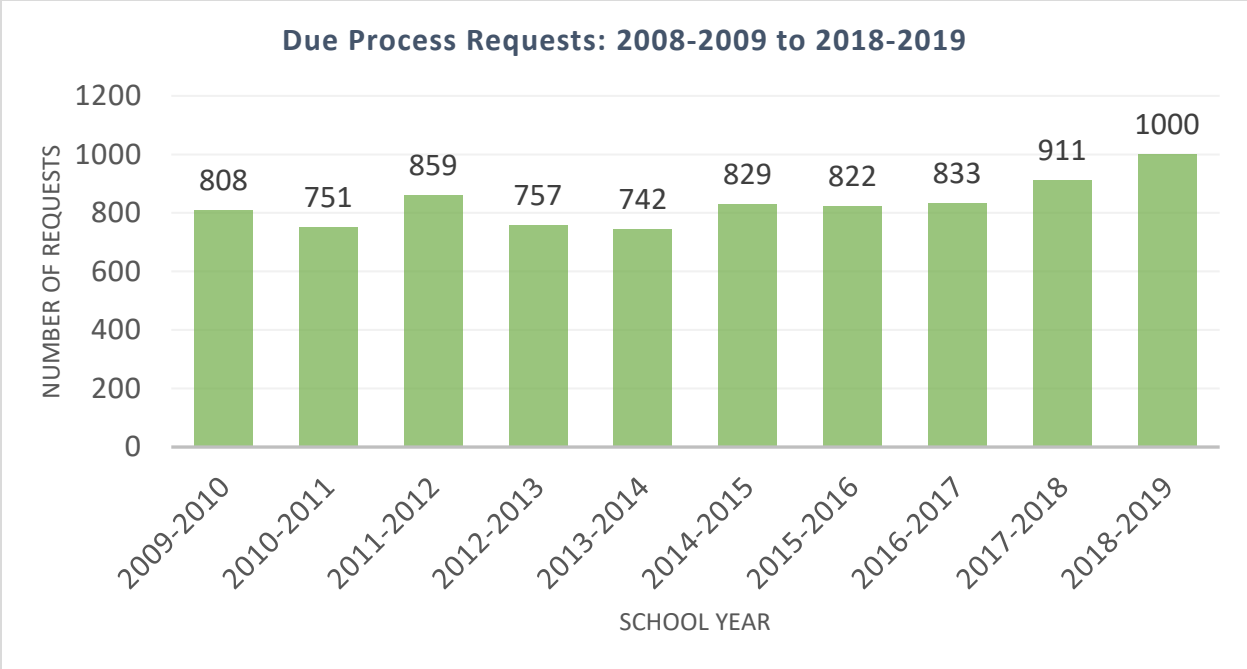

Due Process Requests

Due process was request a total of 1,000 times during the FY 2018-2019.

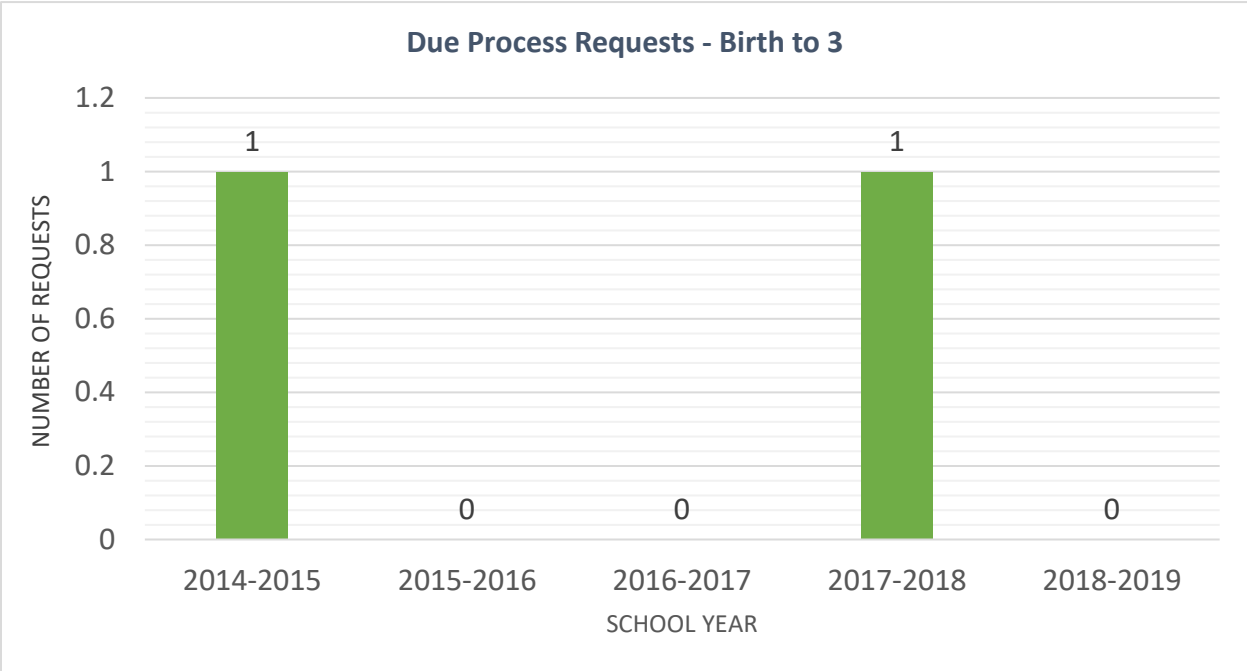

Total Number of Due Process Requests by Age Group and Exceptionality:
2018-2019

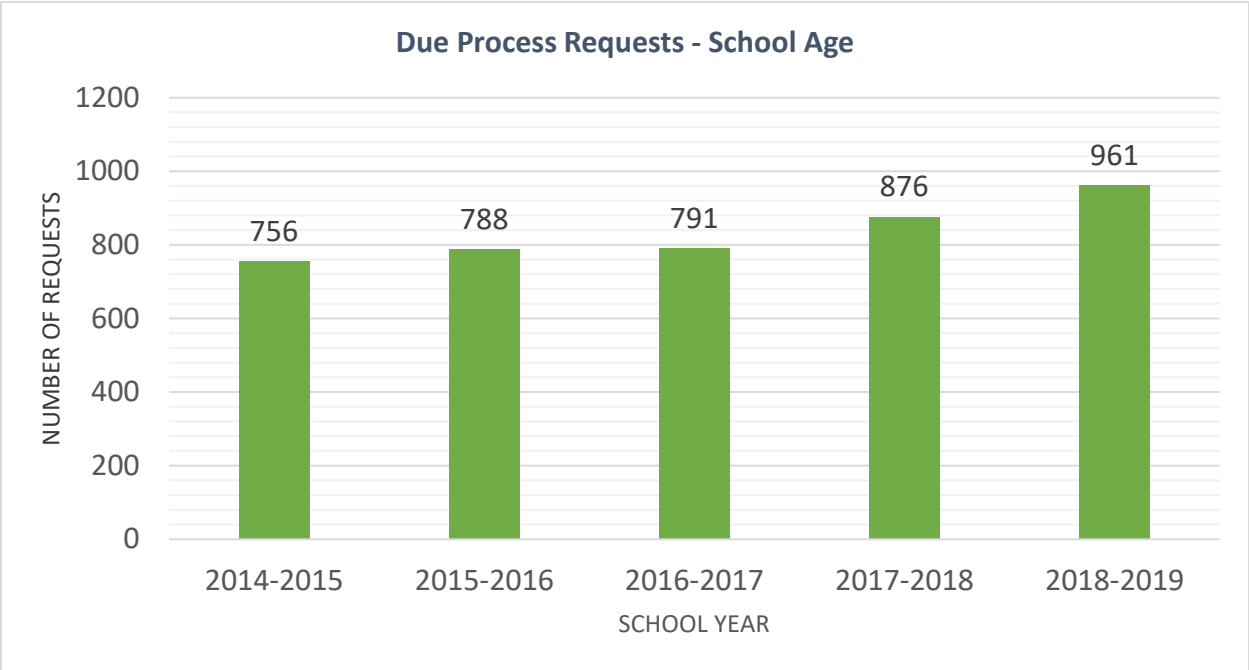

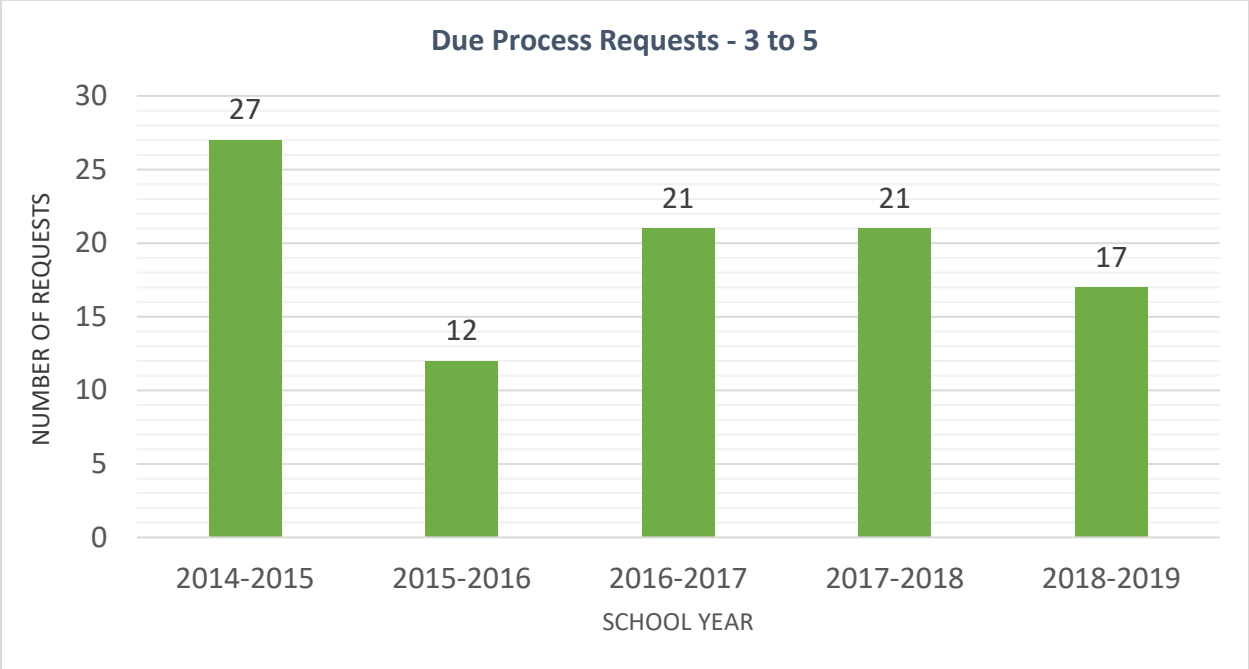

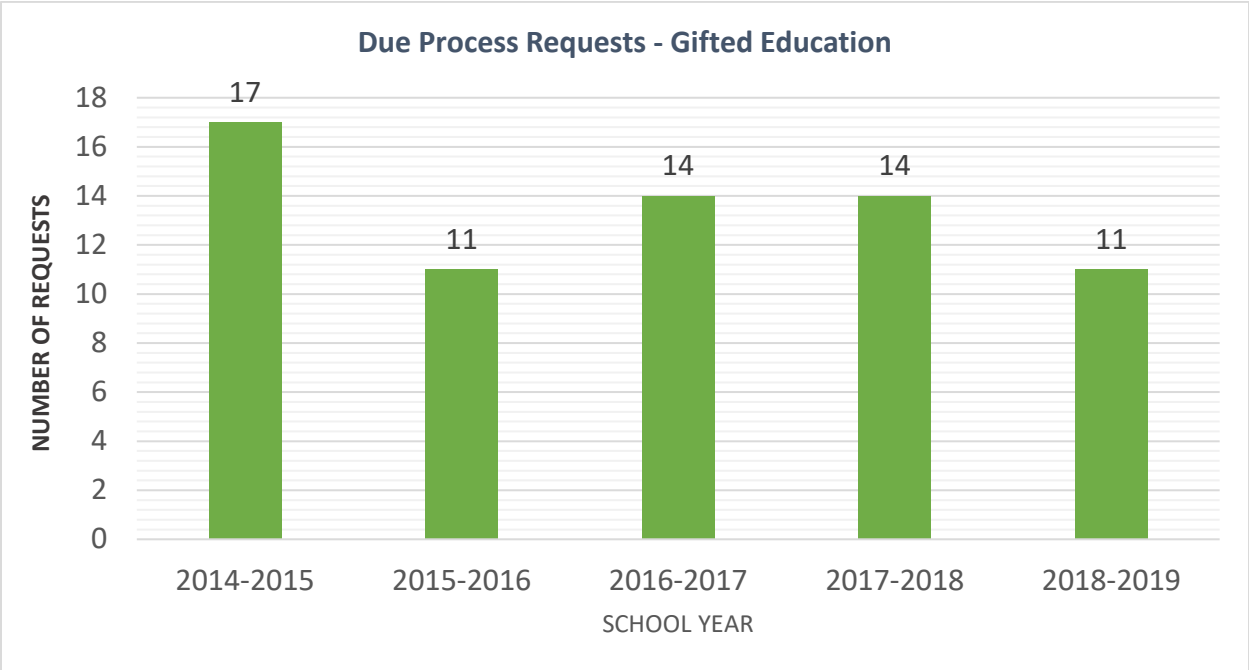

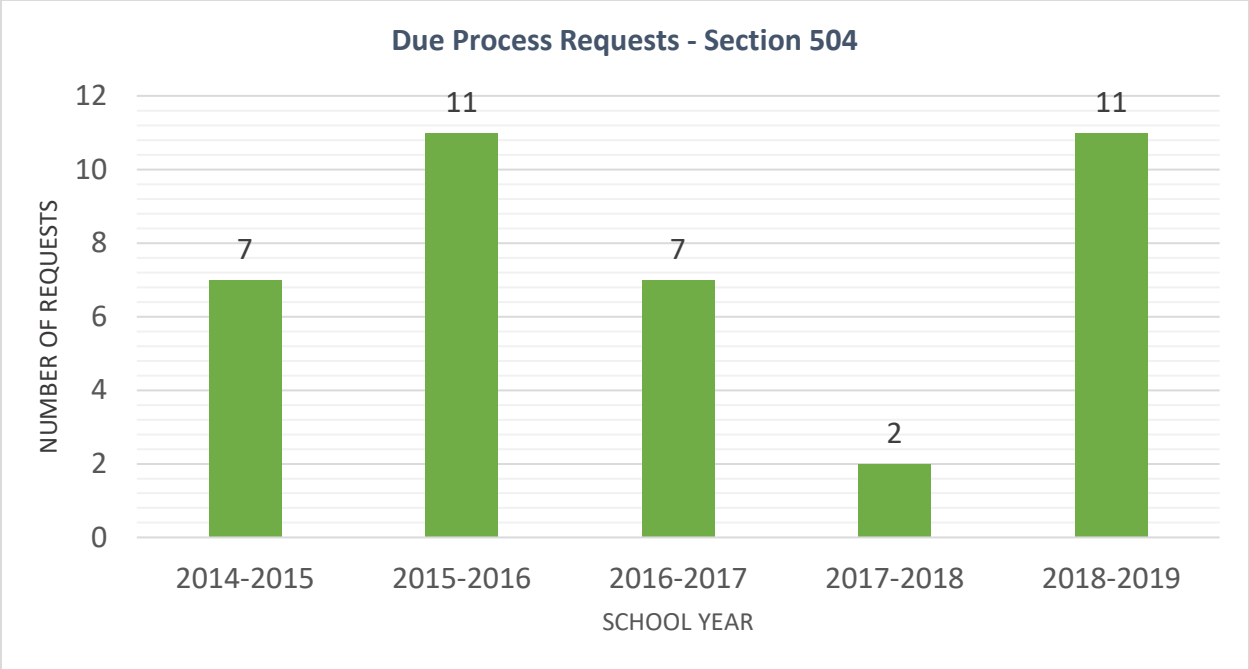

ODR has observed an upward trend in due process requests and is presently working with stakeholders to identify reasons for this increase. ODR will continue to focus on promoting alternatives to due process, such as mediation and facilitation, in an effort to increase usage of these services and, in turn, decrease the number of due process requests.

Five-Year Retrospective of Due Process by Age Group

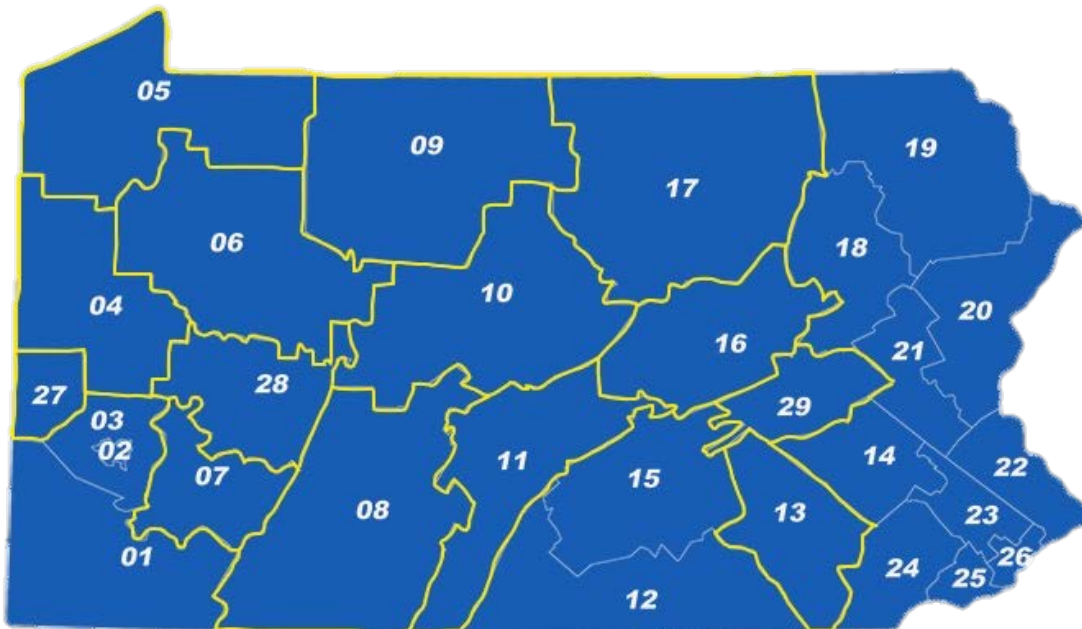

Frequency of Due Process Requests by Intermediate Unit

The largest number of due process requests for this year came from the following four Intermediate Units (IU):

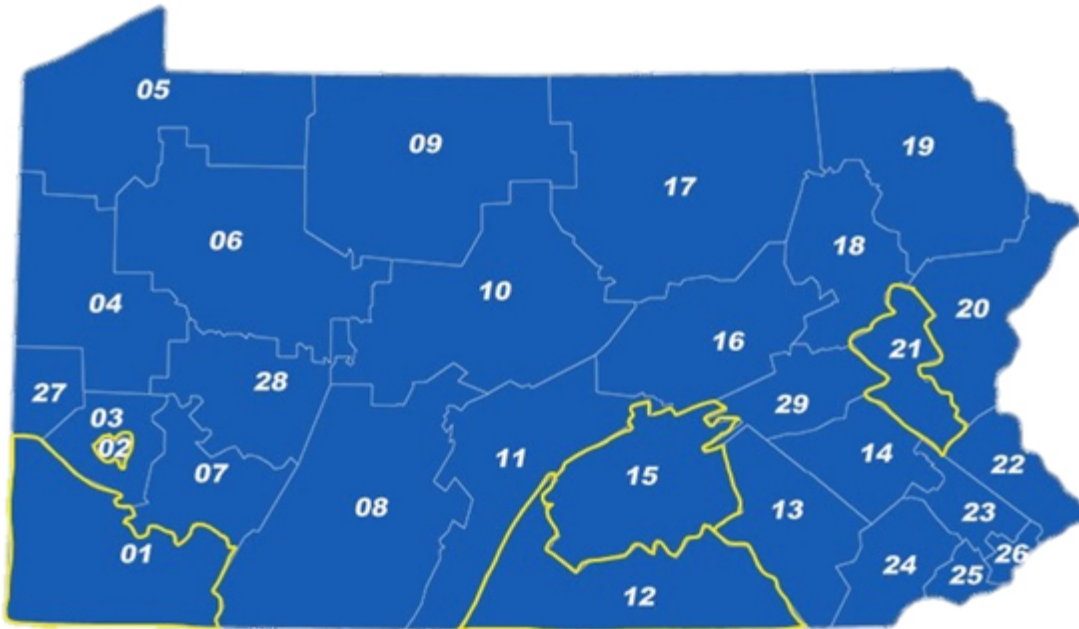

- Philadelphia County IU 26 – 327 requests
- Montgomery County IU 23 – 106 requests
- Delaware County IU 19 – 75 requests
- Chester County IU 24 – 64 requests

² On Exhibit 2, if an active case lists an issue, this means it is a reinstatement of a previous due process request; otherwise, active cases in Exhibit 2 do not list issues. At the conclusion of a due process case, the hearing officer reports to ODR the issues that were actually litigated during the hearing.

Due Process Outcomes

The 1000 due process requests were resolved as follows:

For the 181 cases carried over from the previous fiscal year, they were resolved as follows:

Hearing Officer Decisions

The hearing officers wrote 58 decisions on FY 2018-2019 requests. After a decision is issued, the hearing officer categorizes the result for purposes of the Annual Report. The hearing officers reported the following results:

The hearing officers wrote a total of 95 decisions, including decisions pertaining to 2018-2019 requests, as well as requests received prior to FY 2018-2019.

Decisions Written in 2018-2019 Regardless of Request Date

Appeals to State and Federal Court

During FY 2018-2019, there were 21 appeals to state or federal court; only five of these appeals pertained to 2018-2019 requests for hearing, with the balance pre-dating the reporting period. The appellant chose federal court in 95% of the appeals. Parents accounted for 86% of the total number of appeals received. As of the close of the reporting period, 19 cases were still in progress and two cases were dismissed.

Conclusion

A copy of this Annual Report will be posted on the ODR website, www.odr-pa.org as well as distributed to the Special Education Advisory Panel (SEAP) and the ODR Stakeholder Council.
