DEPARTMENT OF EDUCATION

Through the Office for Dispute Resolution, the Pennsylvania Department of Education (PDE) fulfills its statutory mandate to maintain a special education due process system. PDE contracts with the Central Susquehanna Intermediate Unit to provide fiscal and certain management support for that office, without becoming involved in substantive operations.

The Central Susquehanna Intermediate Unit will not discriminate in educational programs, activities or employment practices based on race, color, national origin, gender, disability, marital status, age, religion, sexual orientation, ancestry, union membership or other legally protected classifications. Announcement of this policy is in accord with Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, and the Americans with Disabilities Act of 1990. Employees and program participants who have an inquiry or complaint of harassment or discrimination, or who need information about accommodations for people with disabilities, should contact Director of Human Resources, CSIU, 90 Lawton Lane, Milton, PA 17847, 570-523-1155.

Introduction

The Office for Dispute Resolution (ODR) provides the resources for parents and local educational agencies (LEAs) to resolve educational disputes involving children served by the early intervention system, students with disabilities (or thought to have disabilities) and students who are gifted (or thought to be gifted). Pennsylvania's recognition as an "exemplar state" by the Office for Special Education Programs (OSEP) and the Center for Appropriate Dispute Resolution in Special Education (CADRE) is an acknowledgement of the array of quality services offered by ODR.

During FY 2015-2016, ODR created a listserv to make ODR news and hearing officer decisions more readily accessible to stakeholders. Individuals can sign up for the listserv on the ODR website at <http://odr-pa.org/subscribe-to-odr/>.

ODR Stakeholder Council

The ODR Stakeholder Council (SC) brings together representatives from a broad array of stakeholders to provide functional input and recommendations on the special education dispute resolution system. The membership consists of four parent advocates; a representative from the Parent Training Information Center; three attorneys (parent, school district, and ODR counsel); a school district representative; and one representative each from the following stakeholder groups: mental health, gifted, and higher education.

Detailed biographical information on each SC member is available on the ODR website, <http://odr-pa.org/wp-content/uploads/pdf/Stakeholder-Council-Bios.pdf>

Presentations

ODR employees and hearing officers are speakers throughout the year as part of stakeholder education. The hearing officers, singly and in conjunction with others, presented at a variety of conferences, including the 14th National Academy for IDEA Administrative Law Judges and Impartial Hearing Officers (Seattle University School of Law); various Pennsylvania Bar Institute seminars; as co-presenters with Drexel University; Lehigh University's Special Education Law Symposium; and the Leadership Academy in Bedford (with the ODR Director and Program Manager). The ODR Director and Program Manager were invited presenters at CADRE's national symposium. They also continue to provide training on conflict resolution (Creating Agreement) throughout the Commonwealth to both professionals and paraprofessionals. Staff members provided information about ODR services, including IEP Facilitation, upon request.

Hearing Officer Training

The hearing officers engage in rigorous professional development each year, both in house and through highly regarded professional associations. They are members of the National Association of Hearing Officials (NAHO), and participate in the certification process. Hearing officers regularly attend either the NAHO conference, and/or the National Academy for IDEA Administrative Law Judges and Impartial Hearing Officers at Seattle University School of Law, in addition to trainings conducted within the Commonwealth.

ODR Projects

Hearing Officer Settlement Conferences

The hearing officer settlement conference pilot concluded through the summer of 2016. Two hearing officers acted as settlement hearing officers through the pilot, and each had outstanding anecdotal success in multiple settlement conferences, resulting in settlement of disputes without the need for a hearing. Specific internal procedures have been developed for the assignment of a settlement hearing officer when both parties indicate they would welcome a settlement hearing conference. These assignments will begin in September 2016. A variety of modalities to conduct the hearing officer settlement conference is available to the parties—exchange of emails, conference calls, videoconferences, and in-person meetings. Each settlement conference will be an individualized experience, based on the issues presented in the conference, and the needs/preferences of the parties and settlement hearing officer. Hearing officer settlement conferences will be offered with the timeline requirements related to special education due process hearings in mind and will not be allowed to serve as a delay of those requirements.

Detailed information is available on the ODR website at <http://odr-pa.org/alternative-dispute-resolution/evaluative-conciliation-conference/>

Virtual Hearings Pilot

The second and final phase of the virtual hearing pilot concluded in May 2016 with the pilot leaders recommending implementation of the GoToMeeting technology as an option for conducting all or portions of due process hearings. Multiple volunteers participated in this phase that focused on the needs of the court reporter for successful transcription. Specific protocols are being developed and refined for use of virtual hearings in various configurations based on the recommendations of the pilot leaders, both of whom intend to convene virtual hearings in active cases beginning in FY 2016-2017. Gradual expansion of the use of the technology is expected as one important vehicle for promoting efficient use of resources in meeting the strict timeline requirements in the laws applicable to special education due process hearings.

Electronic Exhibits Pilot

ODR's electronic exhibit pilot program is on hold, as we pursue a data breach policy. Currently, half of the ODR hearing officers routinely place cases into the pilot. Other hearing officers have indicated a desire to participate if given more training. Most importantly, the program's protocol is in its final form. That protocol has developed over three years with extensive revision based on a significant amount of feedback from the bar. Currently, those attorneys who participate in the pilot uniformly send positive feedback. Some attorneys and law firms are deferring participation until the data breach policy is in place.

CADRE Multi-State Project

Pennsylvania, via ODR, is one of three states chosen to work with CADRE, each state's parent centers, and the state educational agency on productive engagement. The project, and its parameters, will be decided upon during the upcoming fiscal year.

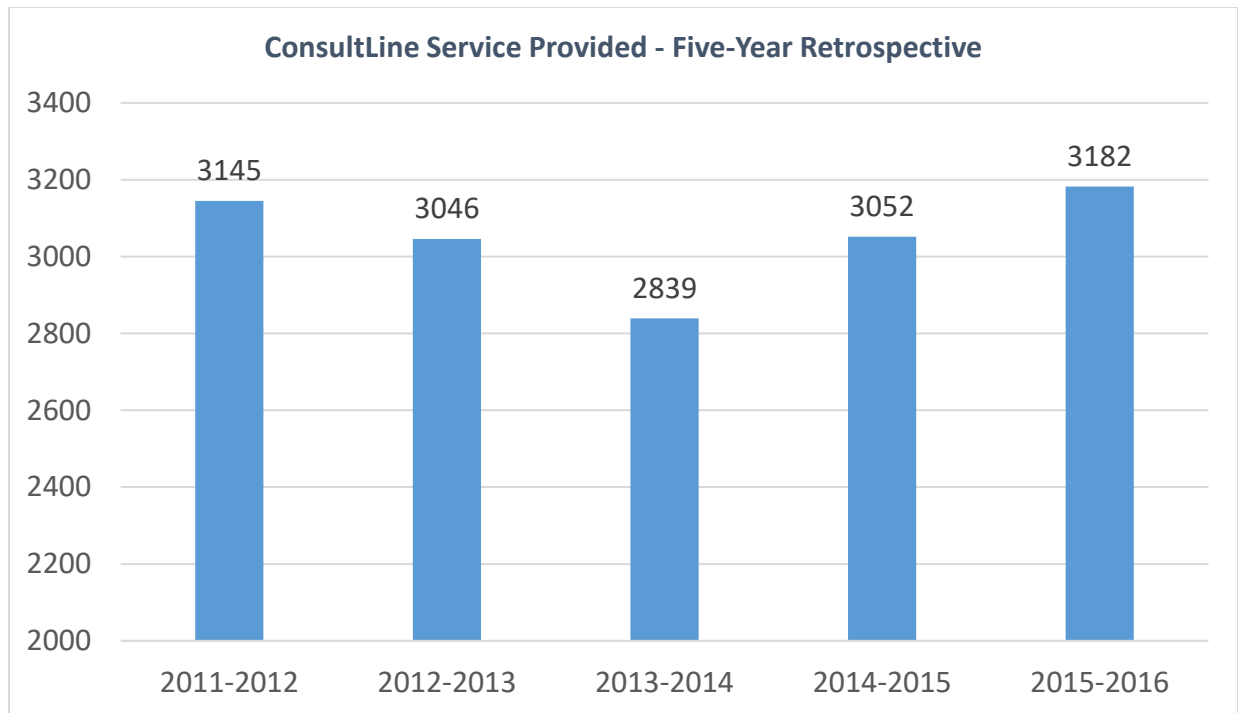

The Special Education ConsultLine is a toll-free information helpline for parents and advocates who have questions or concerns about special education for school-age children. ConsultLine is staffed by three Specialists who provide information about special education, gifted education, and Section 504 of the *Rehabilitation Act of 1973*. Specialists assess the nature of the caller's inquiry or concern and respond to them with clear explanations about:

- Processes involved in having a child evaluated, identified, and provided with special education, accommodations, and related services;
- Parent's rights and procedural safeguards, including explanations of related regulations;
- Information, assistance and access to the state complaint process managed by the Department of Education's Bureau of Special Education (BSE);
- Dispute resolution services and options for resolving disagreements about their child's special education program; and
- Other resources, publications, websites and disability-related organizations.

Call Activity

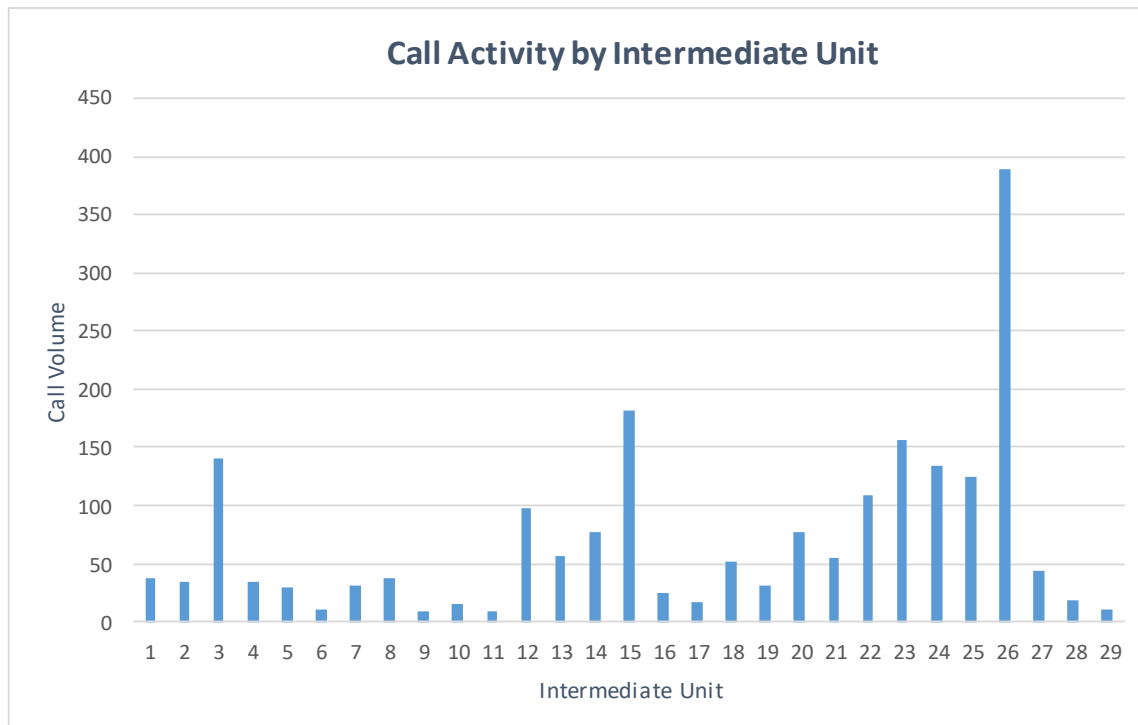

During FY 2015-2016, ConsultLine received 3,390 calls, and provided service to 3,182 constituents. The difference between the number of calls received, and the number of callers served, is due to unavailability of the caller despite attempts to reach the caller at least three times over the course of three business days. This is an increase in service from prior years.

In 86 instances, the caller was provided service in Spanish with the assistance of a confidential interpreting service.

Caller Demographics

The following data is based on demographic information volunteered by 2,038 of the 3,182 callers served during FY 2015-2016. Based on information provided by callers, the following statistics provide a general impression of call activity across the state.

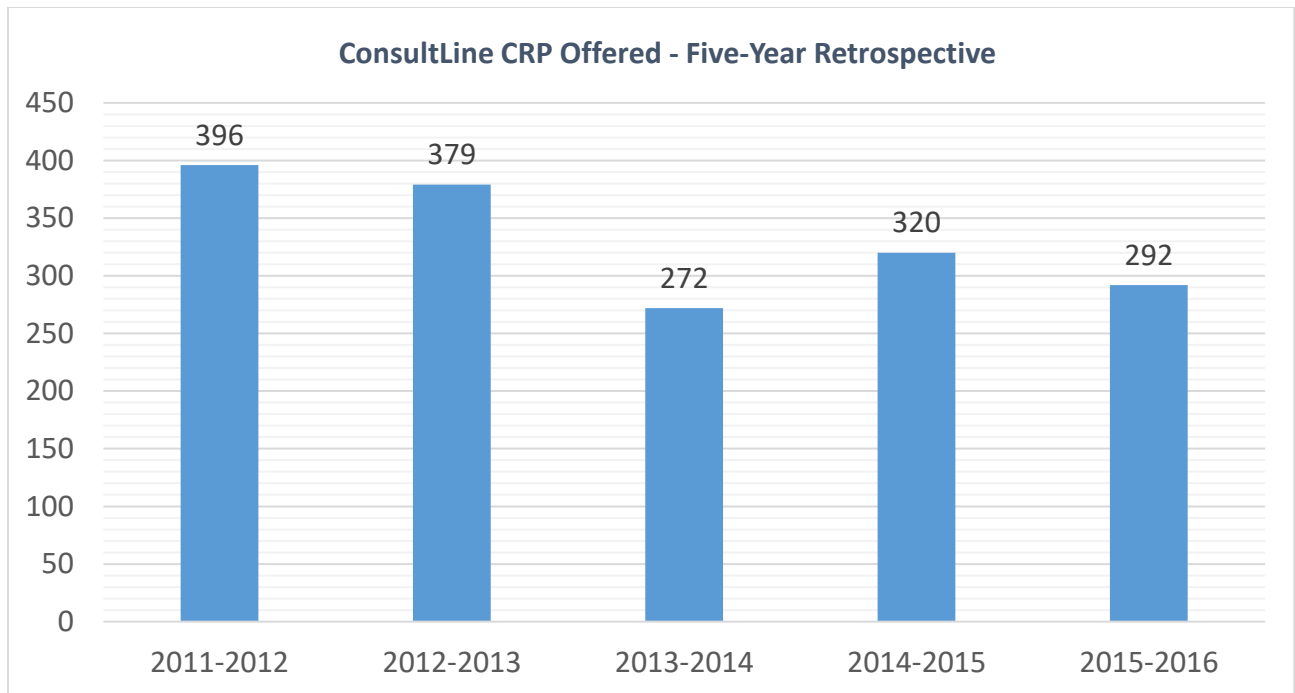

Types of Inquiries

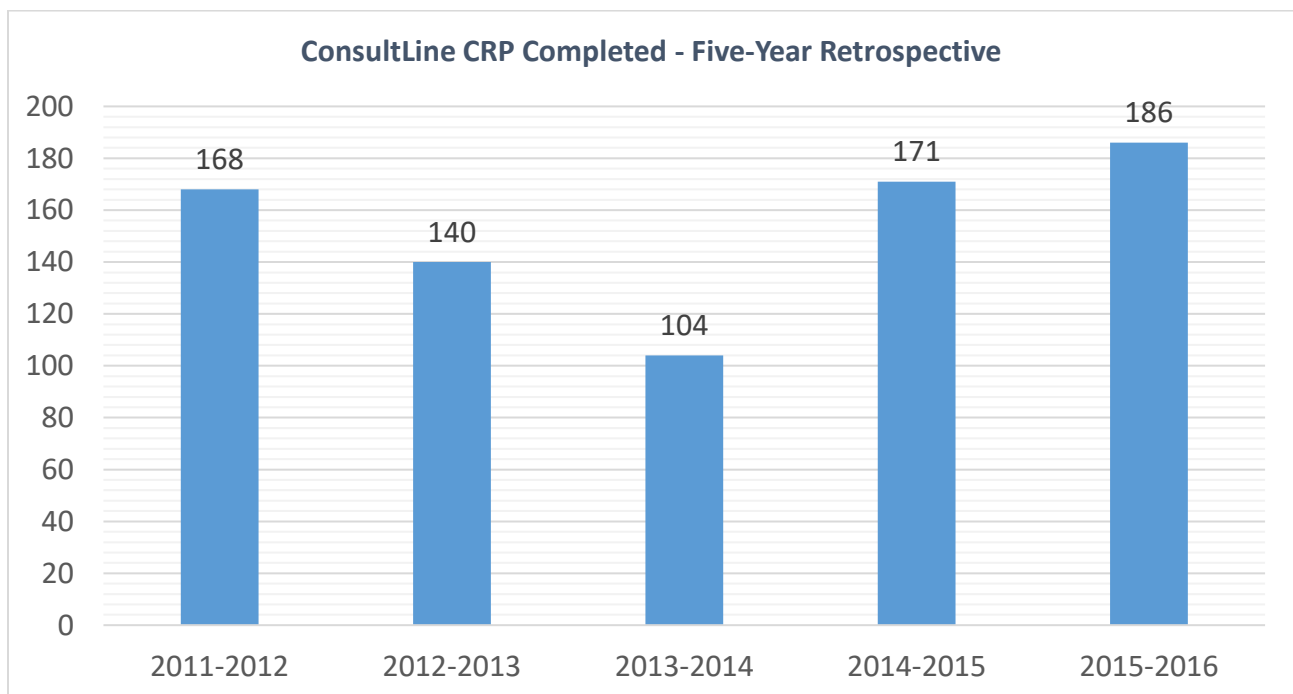

During FY 2015-2016, the most frequently reported inquiries pertained to multidisciplinary evaluation; IEP content; IEP implementation; educational placement; and mediation. Specialists provided publications, forms, web resources and other materials related to special education to 1,744 callers; the majority of this information was delivered electronically.

Call Resolution Process and Provision of BSE Complaint Packets

ConsultLine's Call Resolution Process (CRP) is an effective dispute resolution tool for compliance-related concerns for IDEA-related issues and certain types of concerns related to Section 504 of the *Rehabilitation Act of 1973*. During CRP, the Specialist acts as a conduit of information between the parent (as defined in 34 CFR 300.30) and the school; the Specialist does not serve as an advocate, decision-maker, mediator, or compliance advisor. CRP is completely voluntary, and parents are not compelled to participate. During FY 2015-2016, CRP was offered to 292 callers.

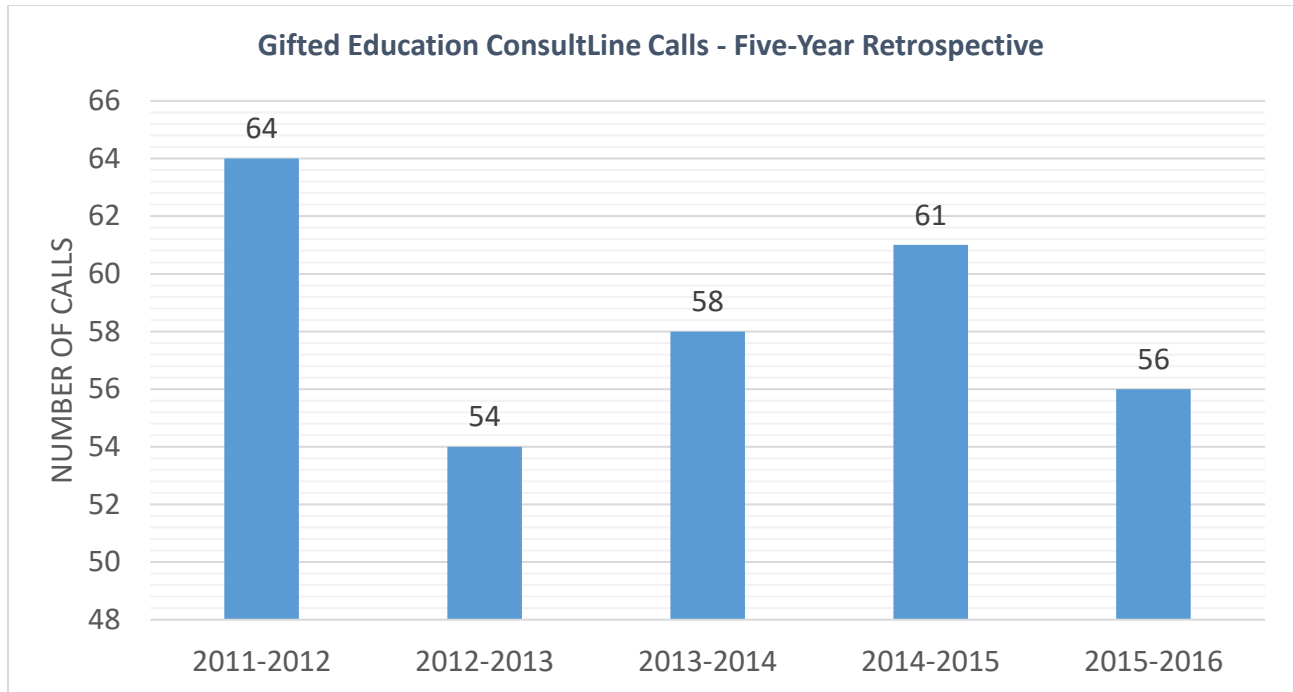

In 186 instances, Parents chose to participate in CRP, which was a slight increase over the previous year.

Gifted Education

During FY 2015-2016, ConsultLine Specialists served 56 callers whose questions or concerns were specifically related to gifted education. The percentage of calls related to gifted education is consistent with previous years.

ConsultLine Feedback

"Thank you. The call from the ConsultLine Specialist was very helpful. The school called me immediately and we had a phone conference about the IEP issues."

"I was pleasantly surprised by how quickly the Specialist got back to me. She completely understood my issue and gave me three options to proceed. She also followed up with an email providing the information I needed."

"As always, an excellent resource"

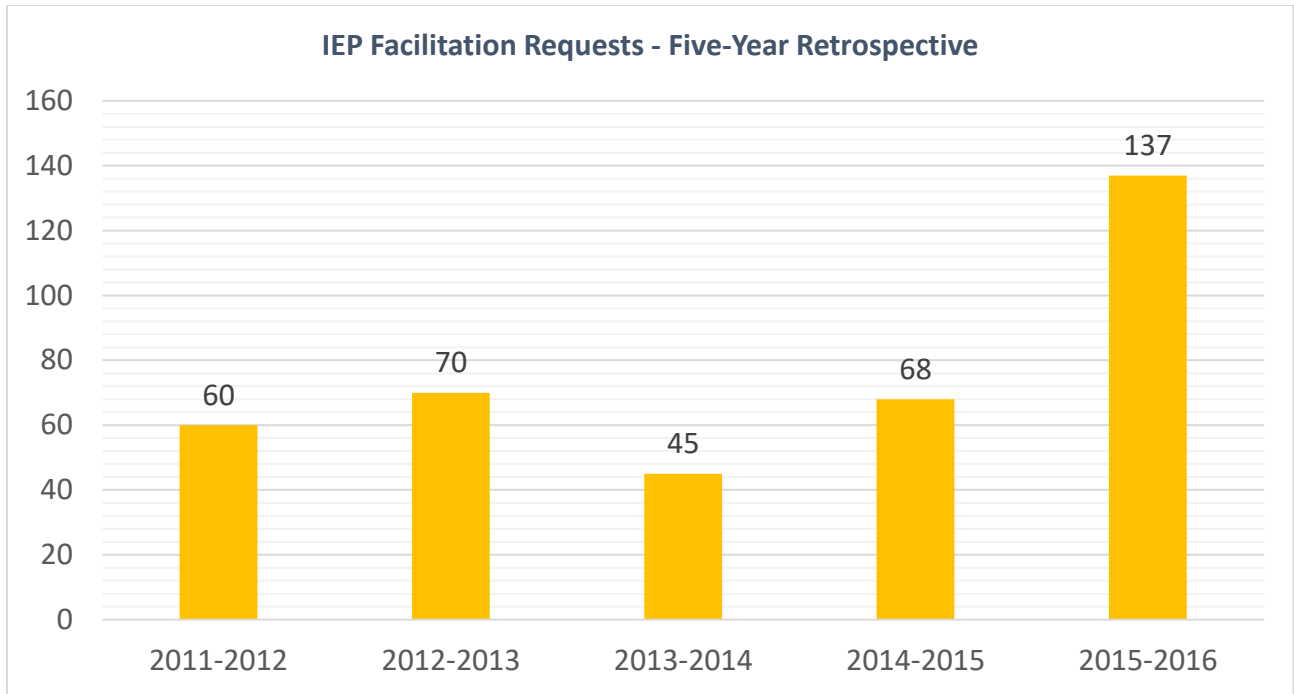

Resolution Meeting Facilitation

During FY 2015-2016, ODR received 10 requests for RMF. Facilitation services were provided on eight occasions; one request remained active at the time of this report and in one instance, the non-requesting party declined the service. Of the eight RMF that took place, three resulted in an agreement, four did not result in an agreement, and in one instance the parties reached a partial agreement.

IEP/IFSP/GIEP Facilitation

IEP FACILITATION REQUESTS

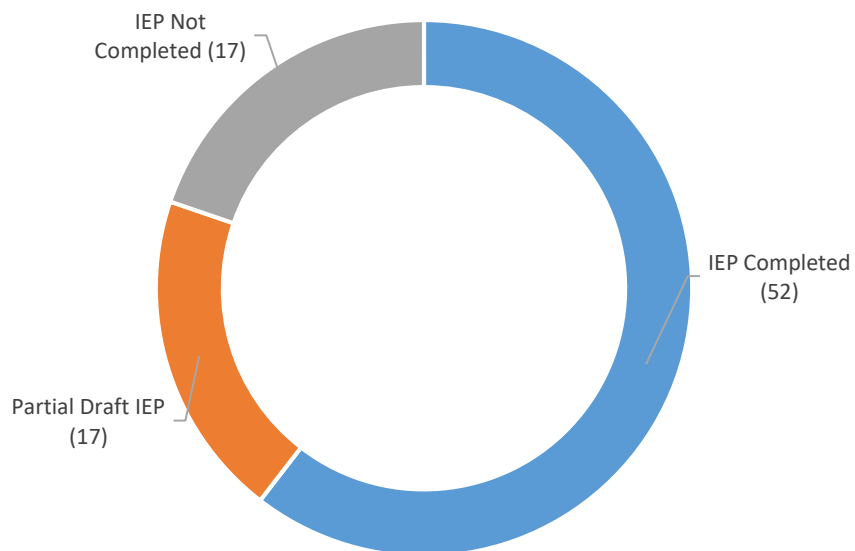

The IEP Facilitation program saw a significant increase in requests for facilitation services during FY 2015-2016. There were 137 requests for IEP Facilitation, more than twice the number of requests from the previous year. All but five of the requests were IDEA-school age cases. Five requests pertained to gifted education.

IEP FACILITATION OUTCOMES

School Age

A facilitated IEP meeting occurred in 86 instances and resulted in the following:

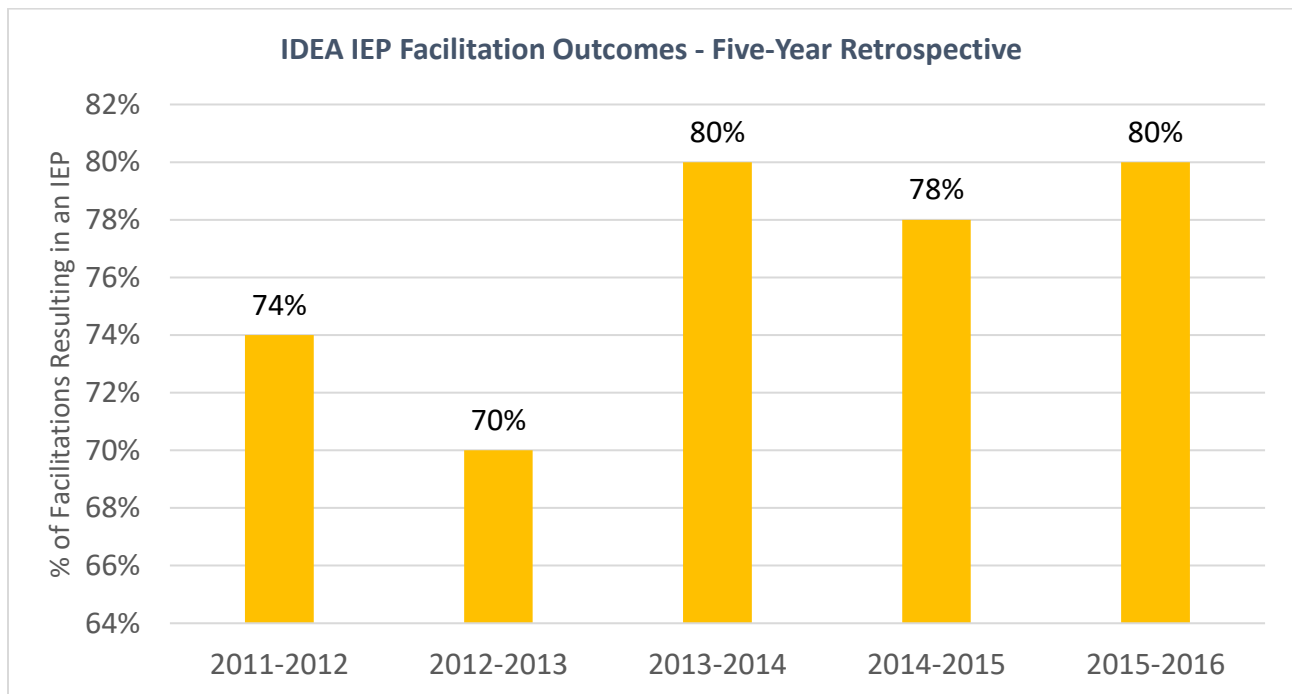

IEP Facilitation is voluntary, so either party may decline to participate. This occurred with 42 requests. In 12 instances the non-requesting party declined to use the service; in five instances ODR received no response from the non-requesting party; in 22 instances the request was withdrawn; and in three instances ODR was unable to locate an available facilitator within the timeframe set for the IEP meeting. At the time of this report, four requests for IEP Facilitation remain active.

Gifted

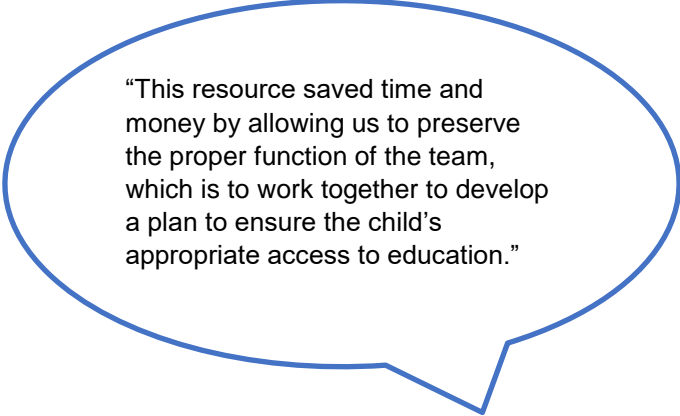

Of the 137 requests, five were for GIEP Facilitation.

In one instance, the non-requesting party declined the use of a facilitator. The facilitated GIEP meeting occurred in four instances and resulted in a GIEP written in two instances, and not completed in two instances.

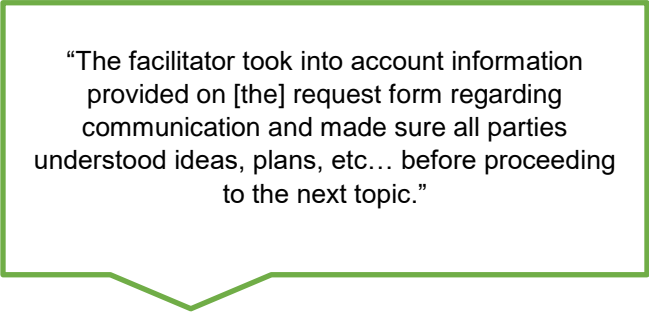

A five-year review of IEP Facilitation demonstrates that the agreement rate has improved overall:

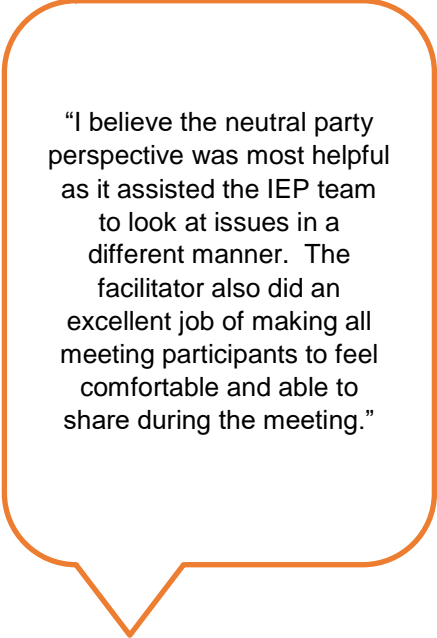

IEP FACILITATION FEEDBACK

"This resource saved time and money by allowing us to preserve the proper function of the team, which is to work together to develop a plan to ensure the child's appropriate access to education."

"The facilitator took into account information provided on [the] request form regarding communication and made sure all parties understood ideas, plans, etc... before proceeding to the next topic."

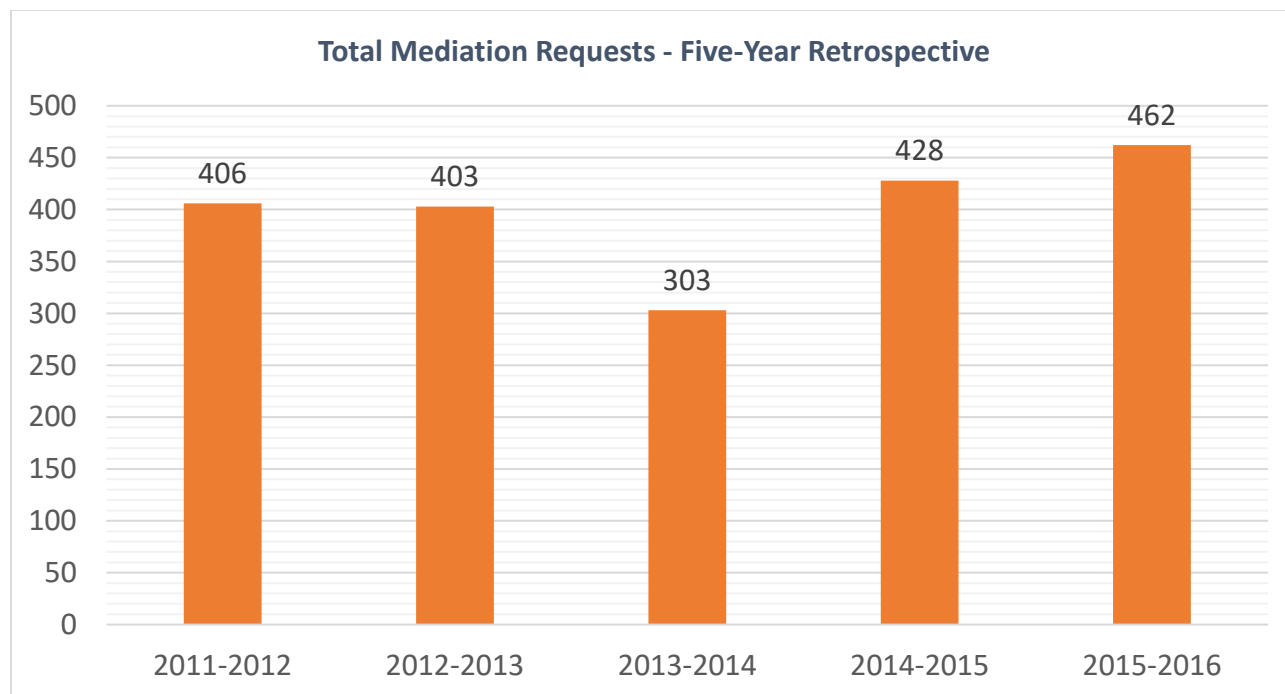

"I believe the neutral party perspective was most helpful as it assisted the IEP team to look at issues in a different manner. The facilitator also did an excellent job of making all meeting participants to feel comfortable and able to share during the meeting."

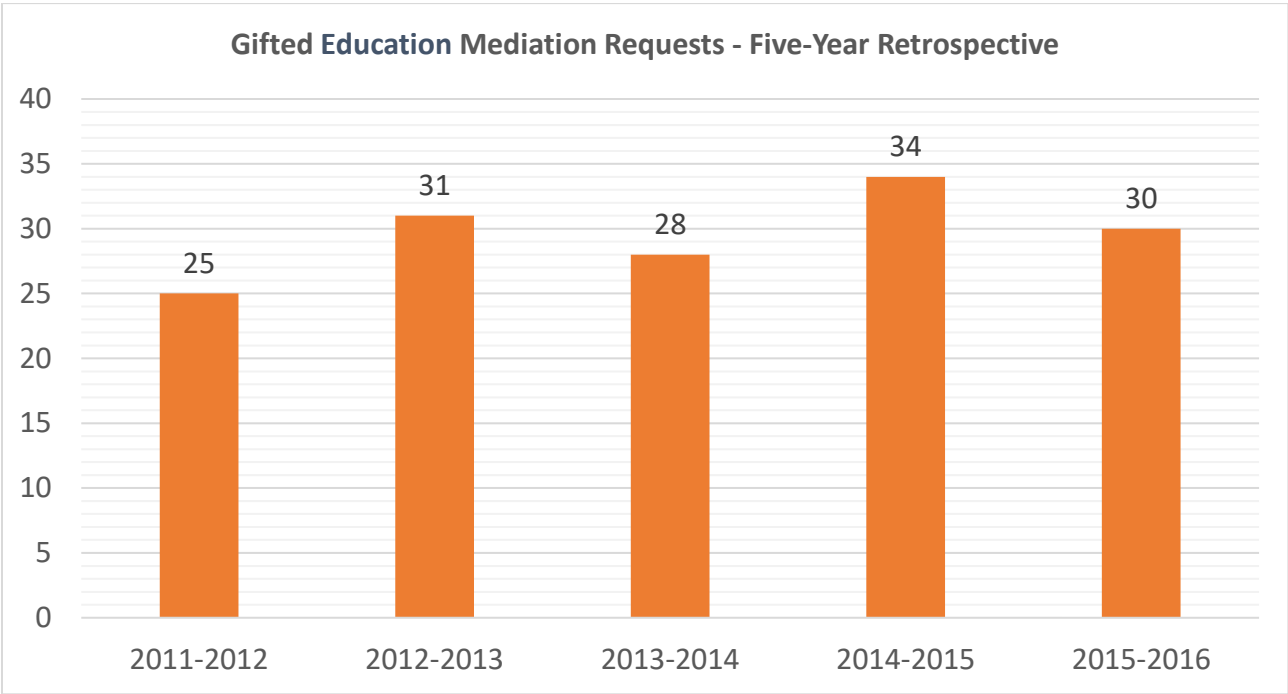

In FY 2015-2016, ODR contracted with 21 independent contractors to provide mediation services to parents and educators. Mediation is voluntary, and therefore, both the parent and LEA must agree to participate in mediation for it to be scheduled and held.

MEDIATION REQUESTS

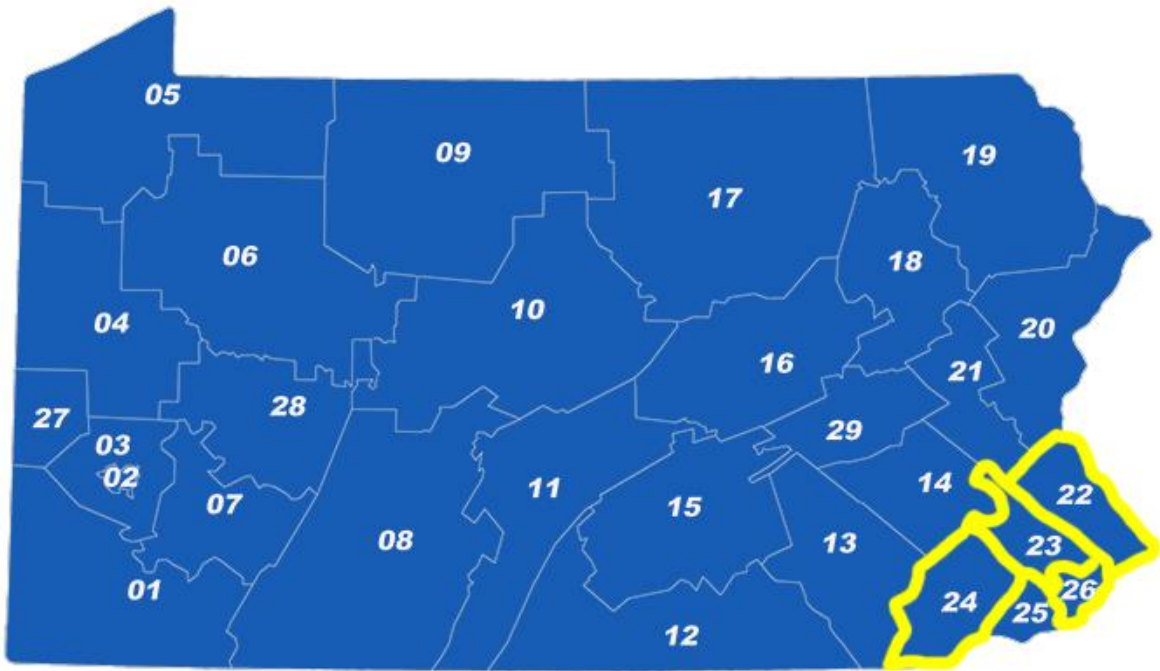

ODR received 462 requests for mediation during FY 2015-2016, which is the highest number received during the past five years.

The requests for gifted education mediation has stayed fairly steady over the past five years.

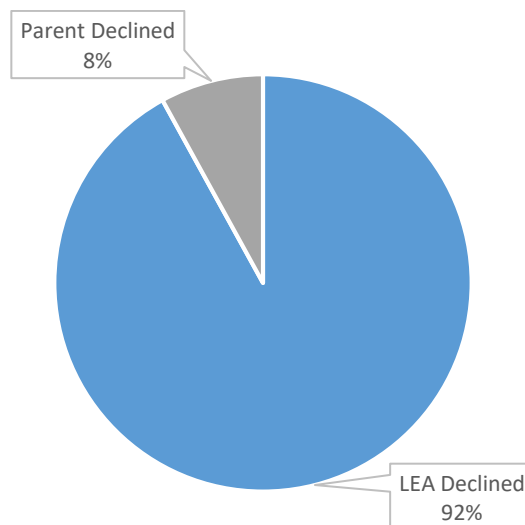

Areas with the most mediation requests were Chester County IU 24 (66); Montgomery County IU 23 (52); Philadelphia IU 26 (50); and Bucks County IU 22 (46).

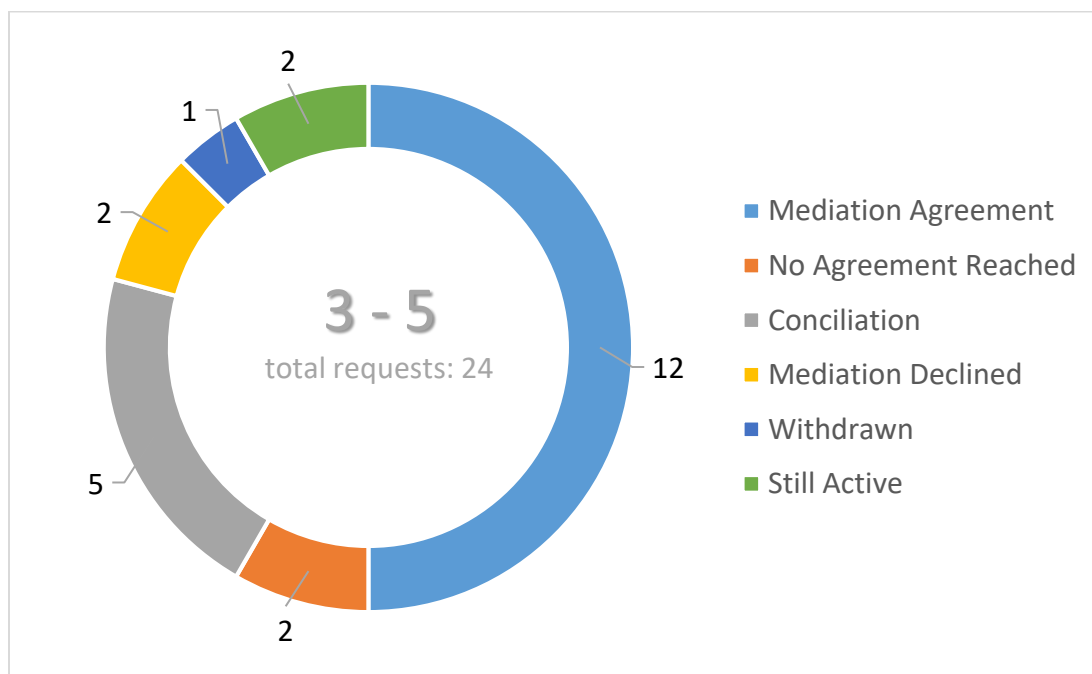

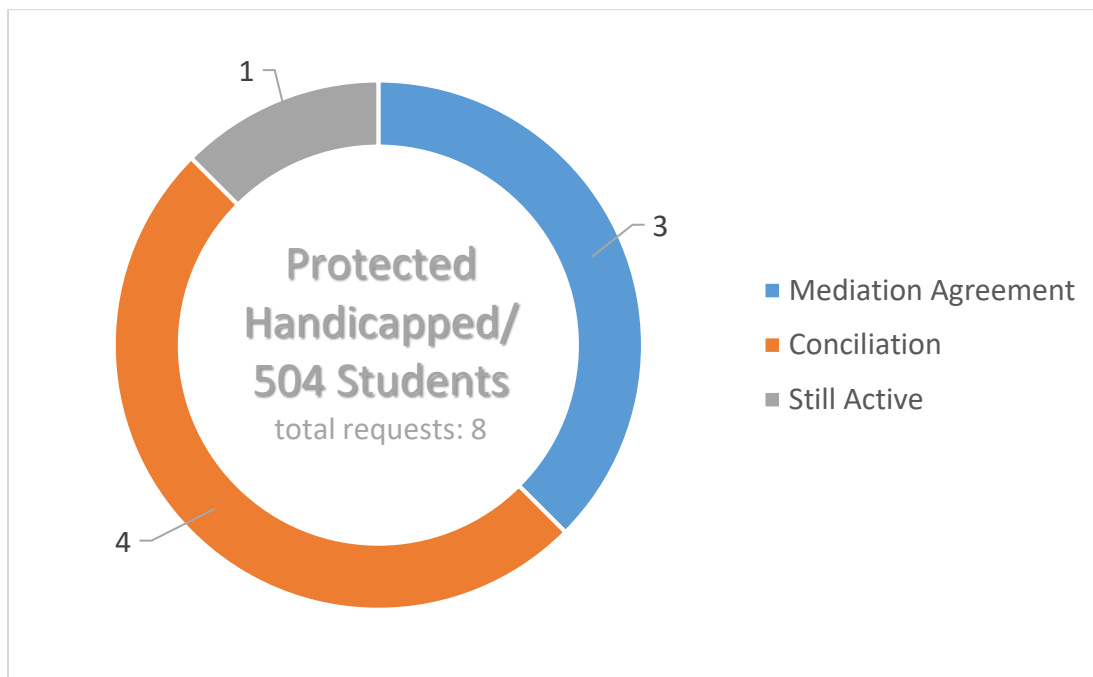

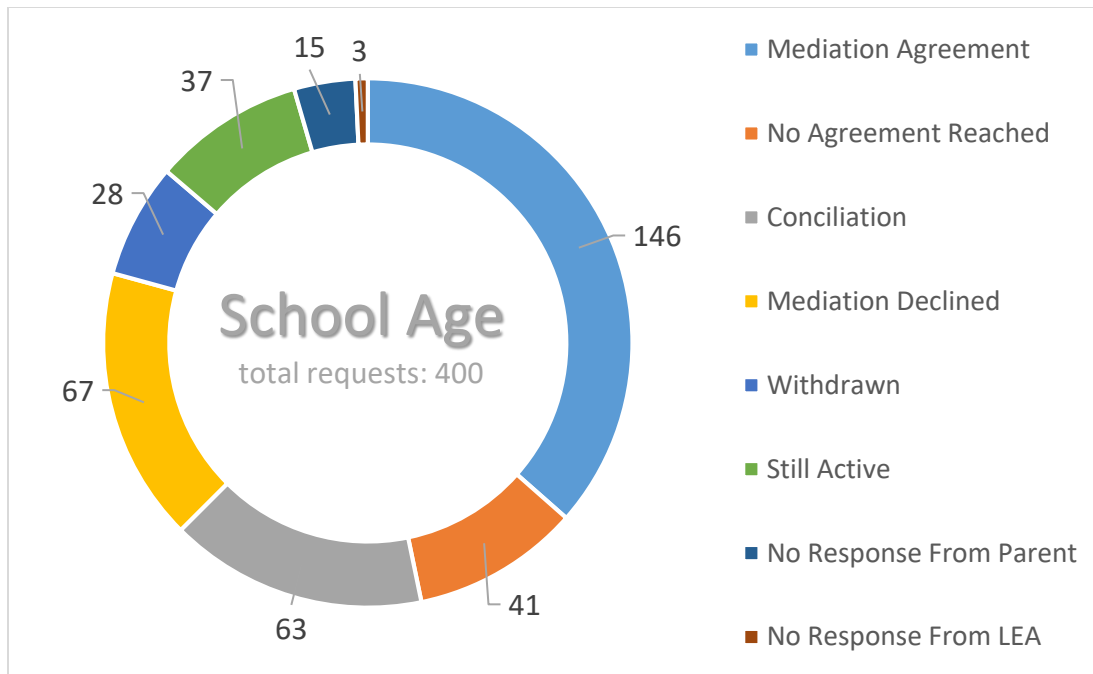

MEDIATION OUTCOMES

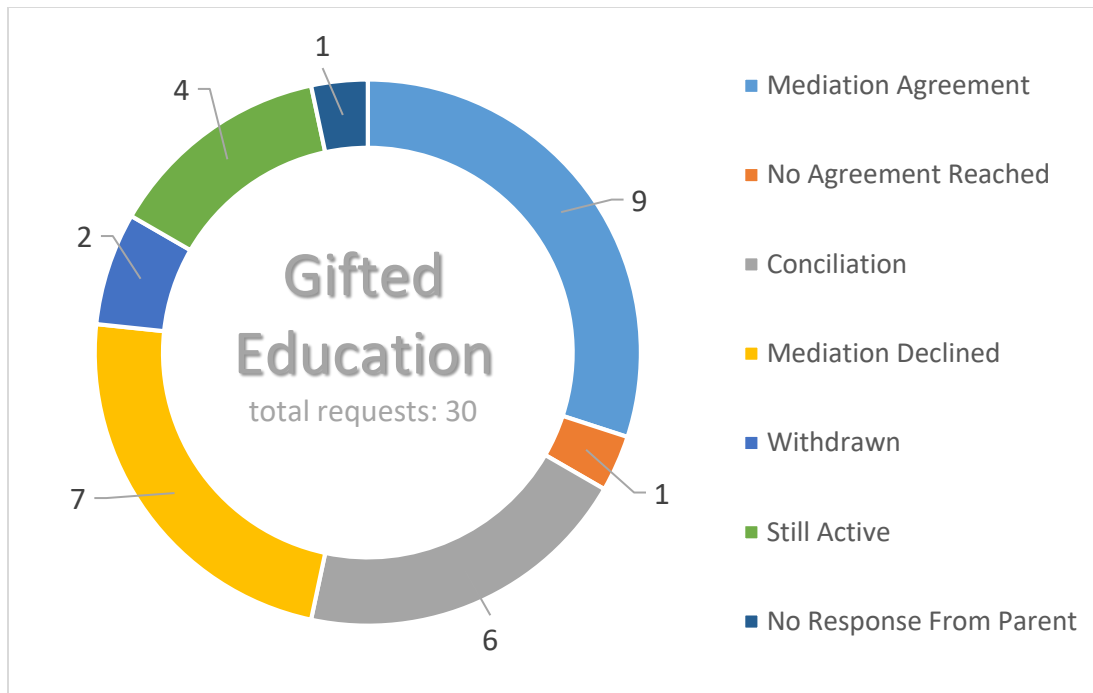

Of the 462 total requests, 200 did not result in a mediation because the parent did not respond to the request (16); the LEA did not respond (3); the non-requesting party declined to participate (73); or the parties resolved (77) or otherwise withdrew the request for mediation (31). Of the 73 instances, where the parties did not agree to participate in this voluntary process, it is the LEA more likely to decline the request.

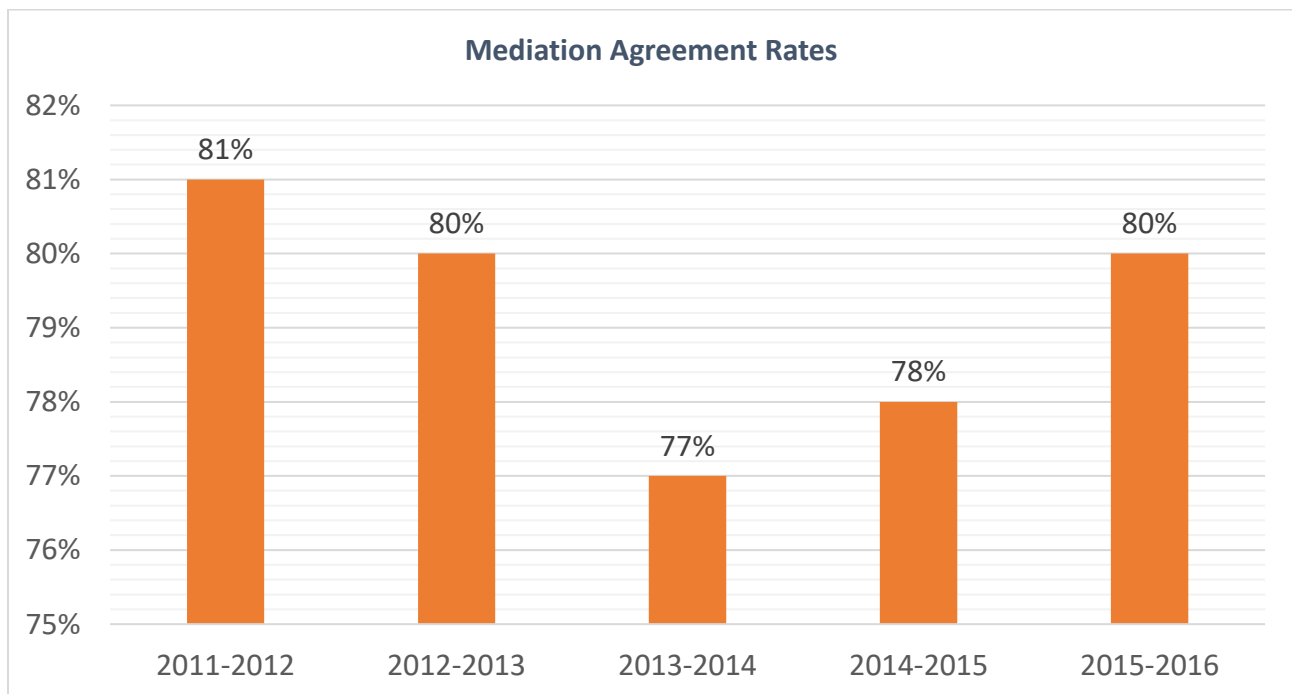

2015-2016 Mediation Results by Age and Exceptionality

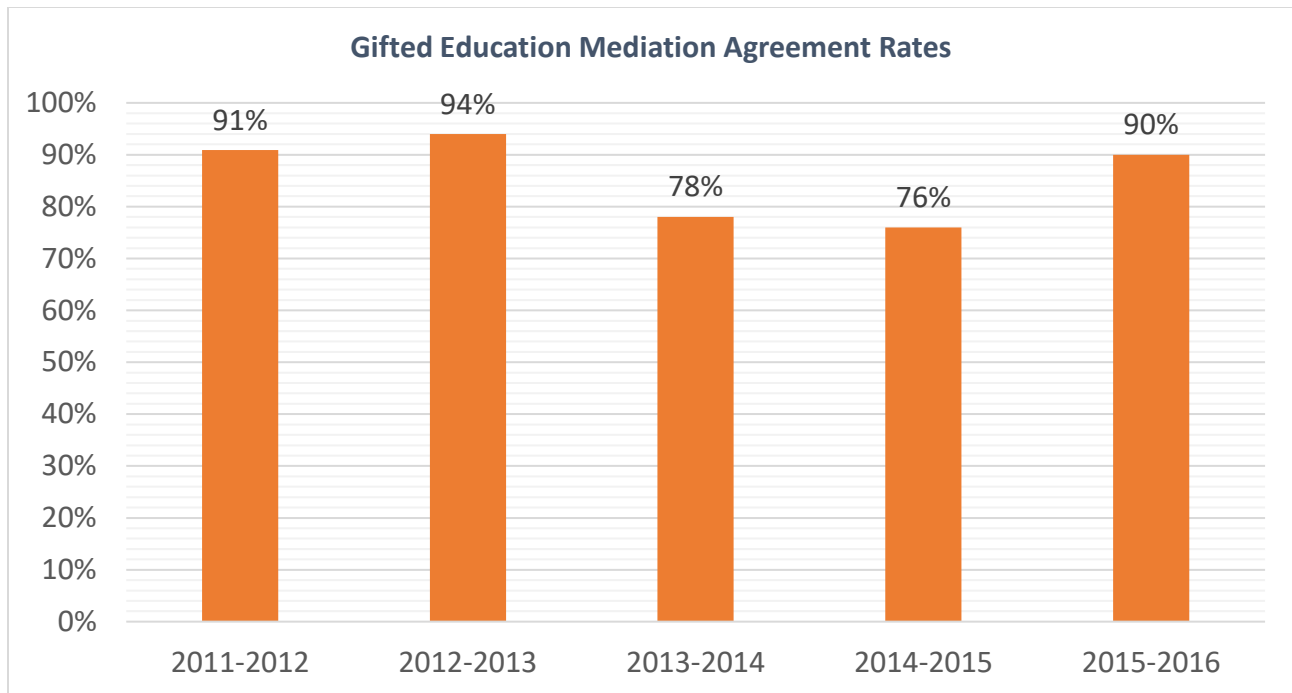

Five-Year Retrospective of Mediation Agreement Rates

MEDIATION ISSUES

The most prevalent and recurring issues addressed in mediation were divided among age groups and exceptionalities as follows:

For Birth – 3, there were no mediation requests received for this age group.

For Children ages 3 – 5 and school-aged students, related services, placement and IEP issues were the prevalent issues.

For Protected Handicapped/504 Students, Chapter 15/Section 504 were the sole issues.

For Gifted Education cases, eligibility, GIEP issues and placement were the prevalent issues.

Detailed information about mediation results can be found in Exhibit 1, *Mediation Results by Intermediate Unit and School District*.

MEDIATION FEEDBACK

“As a parent who is a true novice to the process, I felt supported by ODR. They answered my questions and communicated clearly and professionally with me during each step of the process.”

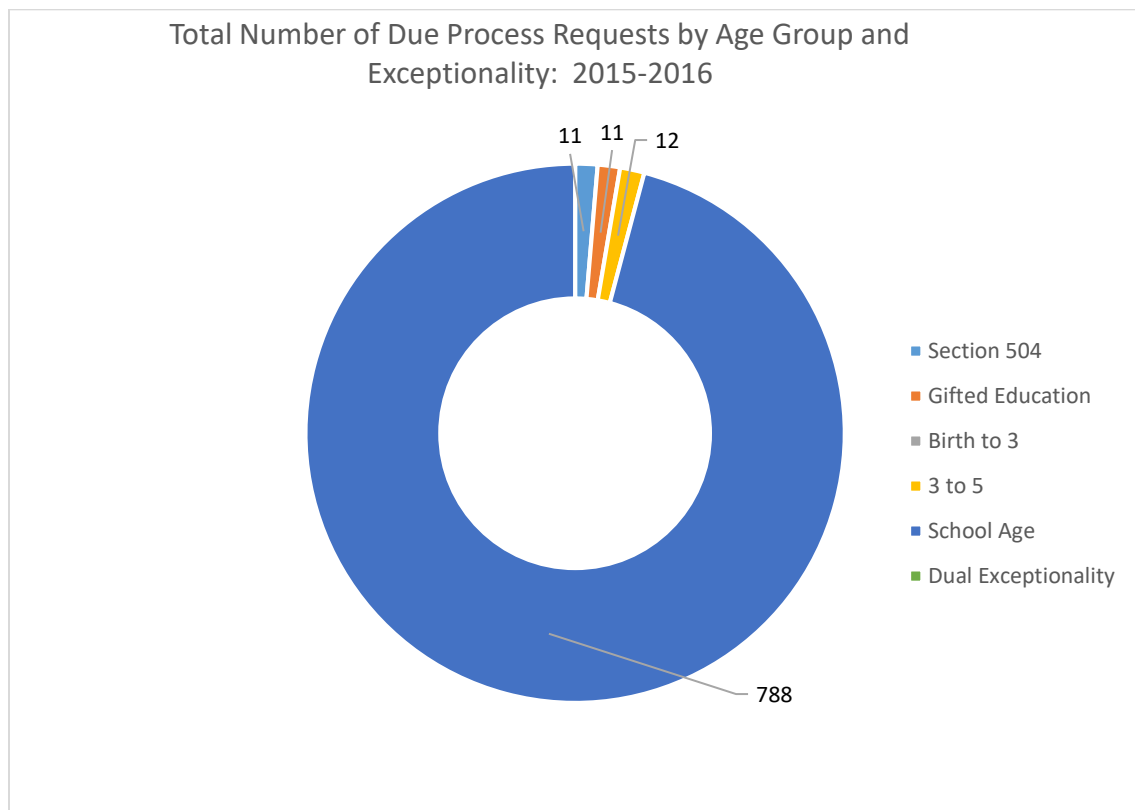

“The mediator’s goal was to not only resolve the current issue but to improve the lines of communication so that mediation is not required in the future.”

“The mediator did an excellent job. She kept the group on target and helped the family and the district to continue to move the conversation forward.”

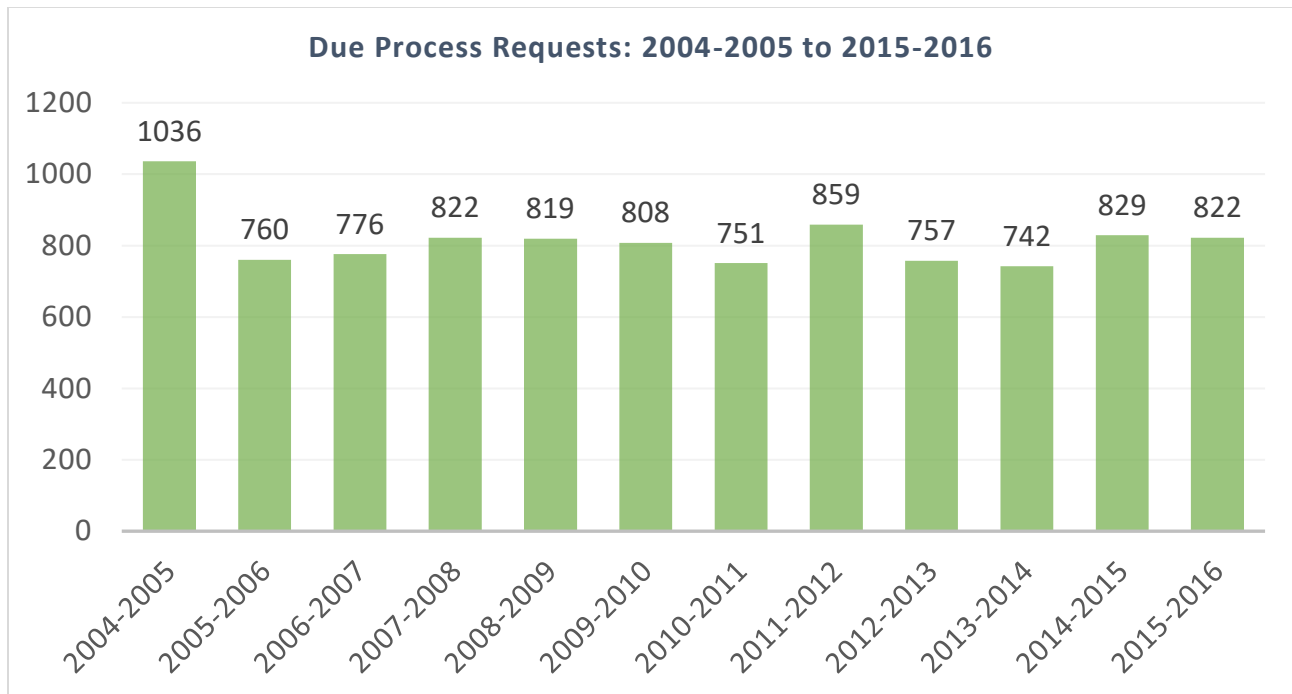

DUE PROCESS REQUESTS

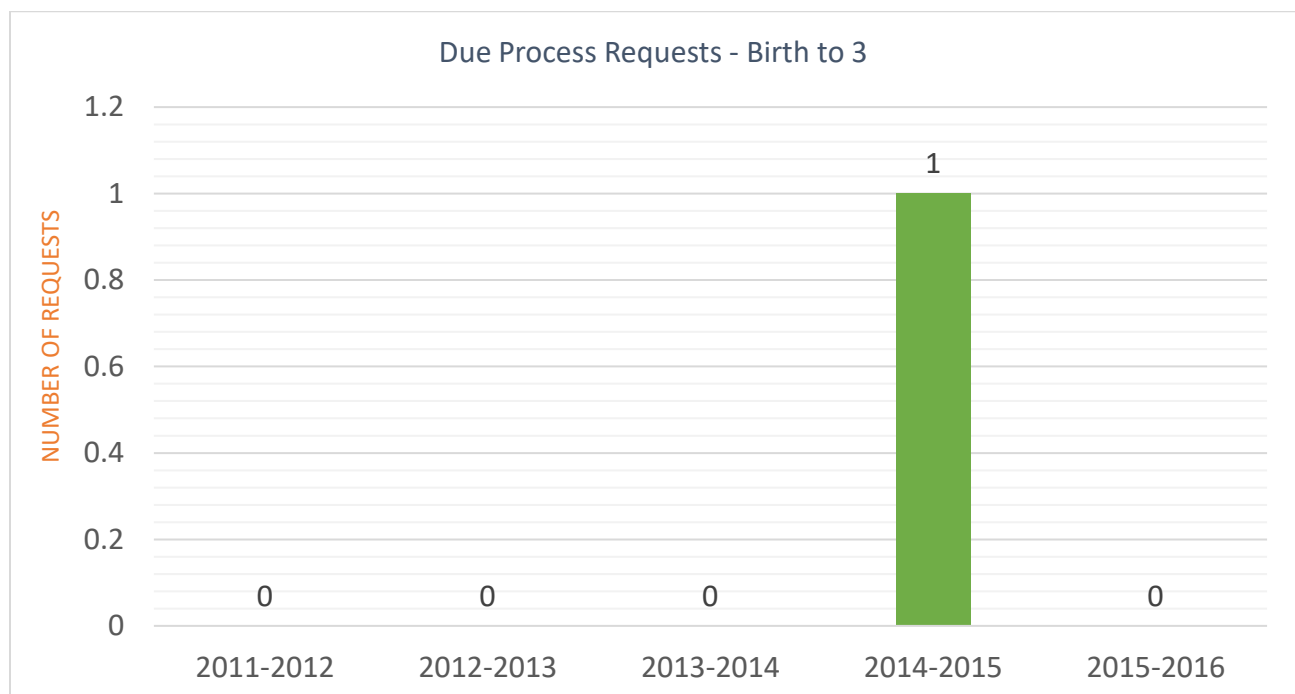

Due process was requested a total of 822 times during FY 2015-2016.

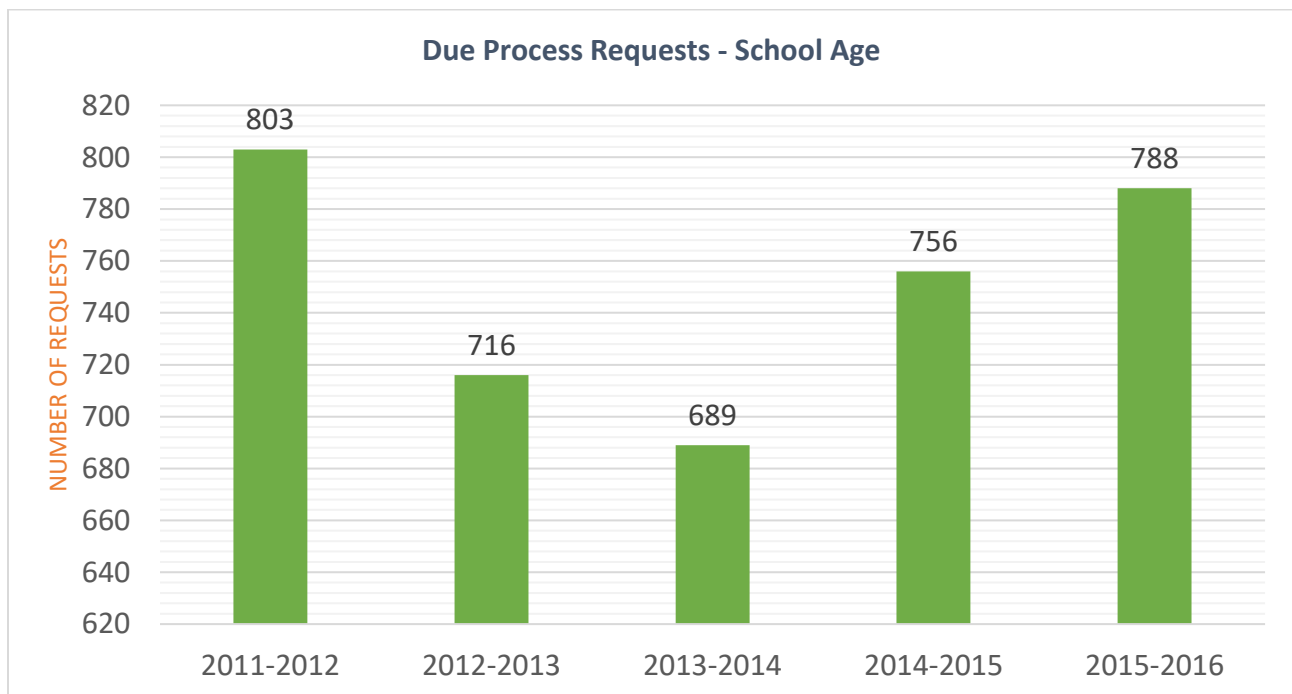

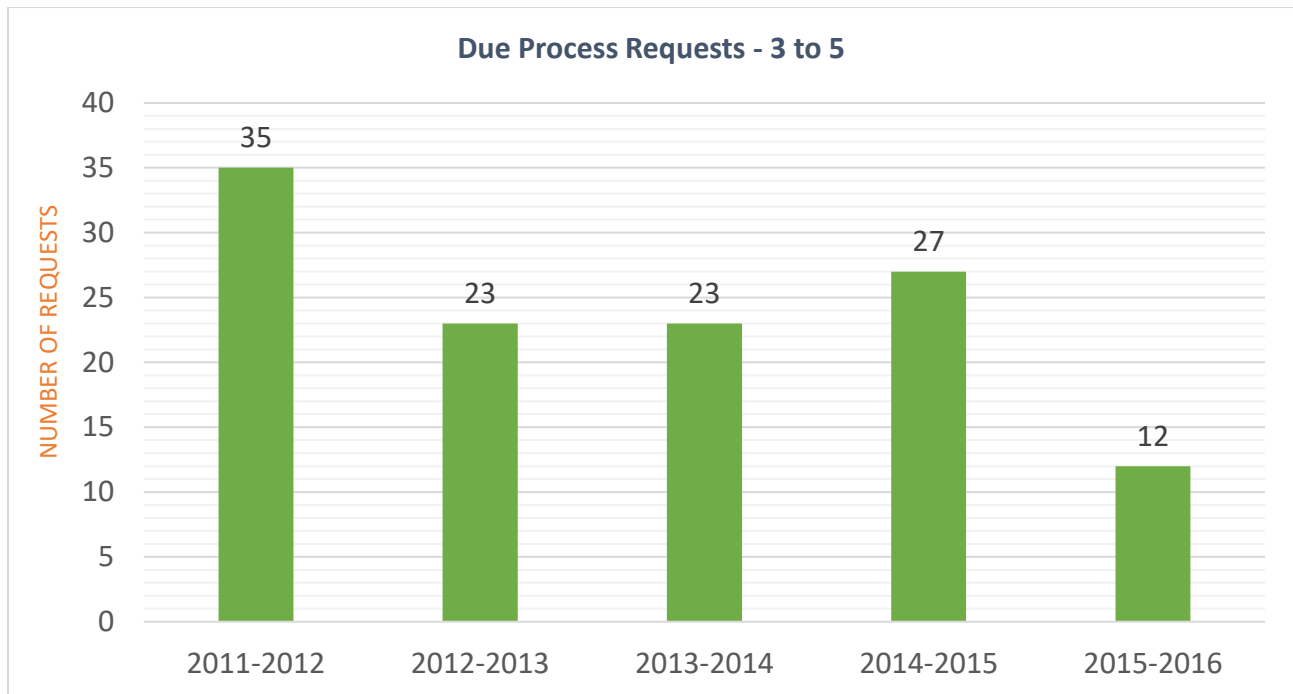

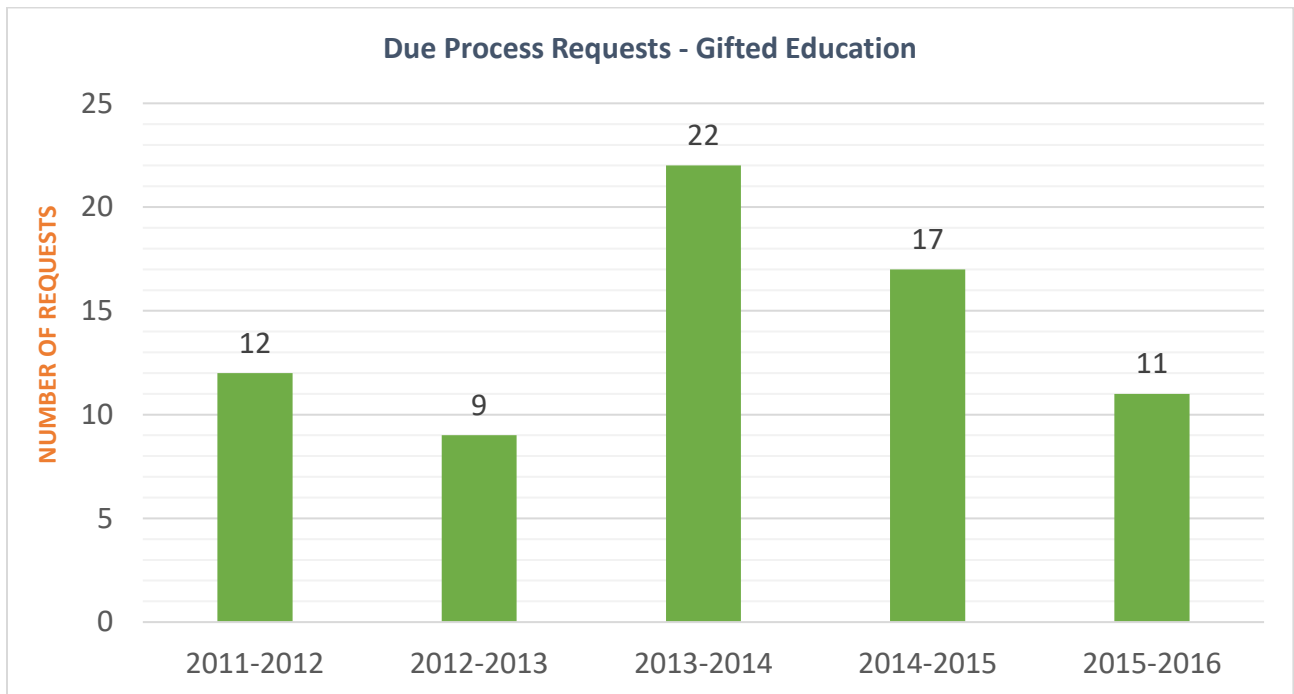

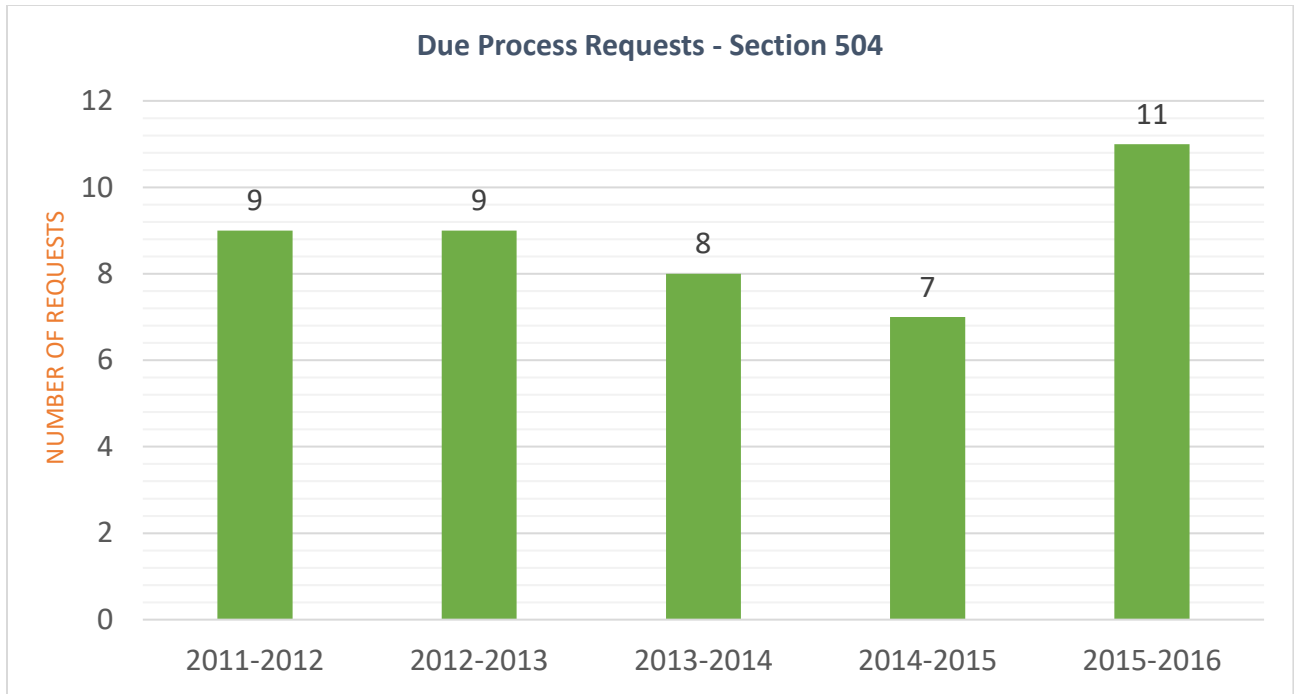

After peaking in FY 2004-2005, with 1,036 due process requests, the number of requests has remained fairly stable in the decade since that time.

The hearing officers wrote a total of 102 decisions, including decisions pertaining to 15-16 requests, as well as requests received prior to FY 15-16.

Appeals to State and Federal Court

During FY 2015-2016, there were 18 appeals to state or federal court; only two of these appeals pertained to 2015-2016 requests for hearing, with the balance pre-dating the reporting period. Seventeen appeals were brought under the Individuals with Disabilities Education Act (IDEA) and one appeal was brought under Chapter 16. The appellant chose federal court in 89% of the appeals. Parents accounted for 39% of the total number of appeals received. As of the close of the reporting period, 15 cases were still in progress and one case was dismissed, voluntary or otherwise.

A judge ruled on the substantive aspect of the case in only two instances, upholding the hearing officer in both cases.

Costs

IEP Facilitators billed a total of \$36,506.41 for services rendered during the fiscal year.

Resolution Meeting Facilitators billed a total of \$3,513.80 for services rendered during the fiscal year.

Mediators billed a total of \$108,403.75 for services rendered during the fiscal year.

Court Reporting fees totaled \$379,052.22 with one-third billed to the respective LEA (\$126,350.74).

Conclusion

A copy of this Annual Report will be posted on the ODR website, www.odr-pa.org as well as distributed to the Special Education Advisory Panel (SEAP) and the ODR Stakeholder Council.
