

2. Consent for Initial Placement in Special Education (34 CFR §300.300)

Parental consent for services

Your LEA must obtain your informed consent before providing special education and related services to your child for the first time. The LEA must make reasonable efforts to obtain your informed consent before providing special education and related services to your child for the first time.

If you do not respond to a request to provide your consent for your child to receive special education and related services for the first time, or if you refuse to give such consent, your LEA may not use the procedural safeguards (i.e. mediation, due process complaint, resolution meeting, or an impartial due process hearing) in order to obtain agreement or a ruling that the special education and related services as recommended by your child's IEP Team may be provided to your child without your consent.

If you refuse to give your consent for your child to start receiving special education and related services, or if you do not respond to a request to provide such consent and the LEA does not provide your child with the special education and related services for which it sought your consent, your LEA:

1. Is not in violation of the requirement to make FAPE available to your child for its failure to provide those services to your child; **and**
2. Is not required to have an IEP meeting or develop an IEP for your child for the special education and related services for which your consent was request.
